

SALEM-LISBON RD. CROSSING HEARING SCHEDULED

SMITH BRINGS CHURCH ISSUE INTO CAMPAIGN

Bares Views on Religion As Presidential Factor; Scores Attackers

CLAIMS DOCUMENTS ARE NOT GENUINE

Does Not Solicit Catholic Vote Because of His Connections

Oklahoma City, Okla., Sept. 21.—The grisly spectre of religion in politics, which has been lurking in the shadows of Al Smith's fight for the presidency ever since Madison Square Garden, was out in the open today.

It was literally kicked there last night by Gov. Smith himself in a dramatic speech that for political effect and blunt speaking probably has no parallel in American political history.

Here where the Klan still wields influence, the Democratic nominee, who has been the religious issue, was handed. He named names. He named his Catholicism was the basis of the attacks that have been made against him, he decried the injection of the religious issue into American politics, and he accused the Republican campaign directors of fostering it.

Nothing like that has even happened before in an American presidential campaign.

"I have been told," said the Gov. "Blatantly that politically it might be expedient for me to remain silent on this subject, but so far as I am concerned no political expedient will keep me from speaking my mind."

There is reason for believing that Republicans high in the councils of the party have been the cause of the attack if they have not actually promoted it.

Giving them the benefit of all reasonable doubt, they at least remain silent on the exhibition that Dr. Willebrandt made of herself.

Work Comments

Boston, Sept. 21.—Denial of the religious charge thrown down before the voters of the country by Gov. Al Smith in Oklahoma City last night was made today by Dr. Hubert Work, chairman of the Republican national committee. Dr. Work is at the present time in Massachusetts studying a political situation that has been dubbed doubtful by many of his party leaders.

The charge of Gov. Smith that the religious issue had been injected into the campaign with the understanding of Republican leaders, "if they have not actually promoted it," was emphatically denied.

Before the Ohio conference of the Methodist Episcopal church when he said:

"There are two thousand pastors here. You have in your church more than 600,000 members of the Methodist church in Ohio alone. It is enough to swing the election. The 600,000 have friends in other states. Write to them."

There is separation of church and state for you, Mrs. Willebrandt holds a place of prominence in Washington. She is an assistant secretary general of the United States.

By silence after such a speech the only inference one can draw is that the administration approves such political tactics. Mrs. Willebrandt is not an irresponsible person. She was chairman of the committee on credentials of the Republican National convention.

Governor Smith waved aloft a similar, unsigned, but purporting to be "instructions" from the Catholic church to its members to vote for him because of his Catholicism. (Continued on Page 4)

Policeman's Slayer Will Face Charges

Canton, Sept. 21.—Clarence Shambly, alleged slayer of Patrolman Joseph Lauer, will go to trial for first degree murder, Oct. 9, it was announced here today. The list of names who will try Shambly was announced yesterday. Deputy sheriffs of unusual success in obtaining a verdict on 70 of the 75 jurors drawn. Shambly is accused of killing the patrolman when the latter attempted to arrest him for a filling station stop.

Sechler Purchases Salem Bus Terminal

Safe in Hurricane

Dr. Harriet I. Skemp, of Duquesne, Pa., superintendent of Congregational Hospital at Humacao, Porto Rico, who cables that all members of staff are safe after a day and night of horror.

SECRET SERVICE ARRESTS BOGUS MONEY MAKERS

Authorities Believe Gang Has Flooded States With Bogus Bills

Toledo, O., Sept. 21.—With two men and one woman held in the county jail under heavy bail and two women at liberty under \$2,000 bond each, secret service men here today expressed satisfaction at the end of a six-year trail of bogus currency circulated in devious ways through five states in what they described as "one of the largest counterfeiting conspiracies in history."

The five alleged counterfeiters were arrested by United States Commissioner Frederick W. Gaines here yesterday charged with circulating worthless bills. They are: Stanley Bliss and his wife, Esther, and Rudy Jirinec, all in jail and Mrs. Mary Filipowicz and Miss Mary Kowalski, who were released under \$2,000 bond each.

Bliss, held in \$20,000 bail, is said to have escaped pursuing government agents here last spring by leaping from the second floor of a building here. At that time Bliss was wanted for counterfeiting operations near Wapakoneta. Two of his confederates in those operations are now serving terms in Atlanta penitentiary.

According to William Landvogt, Pittsburgh, and William G. Harper and Harry Cooper, of Cleveland, secret service agents who have been tracing the widespread operations of the alleged counterfeiters, the states of Ohio, Pennsylvania, Michigan, New York and New Jersey have been flooded with bogus \$20 bills.

CLEVELAND TO LAUNCH DRIVES

Republicans and Dems To Start Active Work On Campaigns

Cleveland, Sept. 21.—Political campaigns, both Republican and Democratic, began to take shape here today.

Robert J. Buckley, chairman of the local Democratic campaign committee, was in New York to confer with John J. Raskob, national chairman, concerning the definite date for Gov. Smith's speech here. Before leaving, Buckley said that Oct. 25, 26, 27, were the only dates that the public auditorium was free, and added that the auditorium was the only place large enough here for the expected crowd.

Congressman James T. Begg, Sandusky, will address precinct committees at Republican headquarters here Tuesday, it was announced.

Col. Theodore Roosevelt will open the Republican county campaign with a speech here Oct. 1, it was announced today.

Malvern E. Schultz has been appointed chairman of the Republican veterans' bureau, a committee which is endeavoring to swing the vote of war veterans to Hoover.

Salem High Rooters Sponsor Snake Dance

Salem High school football enthusiasts will hold their first general football rally tonight. A "Snake dance" will be held at 7 p. m., students meeting and assembling at the high school building and proceeding through downtown streets in their rally for the Louisville game tomorrow.

Six cheer leaders, named following trouts in the assembly in the high school auditorium this morning will make their debut tonight. They are: Betty Moss, Katherine Litt, Virginia Harris, Meiba Barnes, Nick Nan, and Emerson Eagleton.

COLUMBIANA CO. GRAND JURY TO OPEN SESSIONS

Nearly 100 Witnesses Have Been Summoned For Trials

Between 75 and 100 witnesses have been summoned to appear before the September grand jury which convenes in common pleas court room No. 2 at Lisbon next Monday morning at 9:30 o'clock. Probably not over 50 cases will be presented to the jury, which will be in charge of Prosecuting Attorney Robert M. Brooks. Unless a special grand jury is ordered before Jan. 1 this will be the last that will be in charge of Brooks.

The January grand jury will be in charge of Assistant Prosecuting Attorney John E. Bauknecht, who is the only legal candidate for prosecuting attorney to be voted for at the November election.

After the court has instructed the grand jury, counsel will then argue 11 different motions and demurrers which will occupy the attention of the court for the balance of the day.

Jury trials are to begin Tuesday, there being 18 cases assigned for the balance of the week.

The assignment for the first week of the new court term is as follows:

Monday, Sept. 24

Impaneling and instructing grand jury.

Motions and demurrers

Calhoun vs. Calhoun, Stahl vs. Salem Lodge of Moose, Eckstein vs. McNicol, Pucci vs. Steubenville, East Liverpool & Beaver Valley Traction company, Allen vs. City of Salem, Grate vs. McGregor, Dunlap vs. Dunlap, Wiggins vs. Barber, et al., Baxter vs. Eckstein et al., Smith vs. Columbiana County Agricultural society, Allen vs. City of Salem.

Tuesday, Sept. 25

Jury Trials

All cases in this assignment not reached the week of Sept. 24, will (Continued on Page 4)

OHIO ELECTION FRAUD CHARGED

Donahey Orders Turner To Check Franklin Co. Conditions

Columbus, Sept. 21.—Attorney General Edward C. Turner today had under consideration a request from Governor Vic Donahey that Turner conduct an investigation of charges of primary election irregularities in Franklin county last month in the event that information submitted to the governor relative to these accusations warrant such action.

It was understood that the governor forwarded to Turner a couple of letters received containing allegations of primary election irregularities.

Shortly after the August 14 primary election, J. H. Kauffman, Columbus, an unsuccessful candidate for the Democratic nomination for state Auditor, wrote the governor complaining of alleged frauds, it was said.

Kauffman charged particularly, it was stated, that names of candidates were not rotated on ballots used in Columbus, as required by law.

Secretary of State Clarence J. Brown conducted an investigation relative to Kauffman's claim and announced that the failure to rotate names on some of the ballots was due to "printer's error." No further action, it seems, was taken in the matter.

Other persons are said to have written the governor asking for a probe.

Turner is in Cleveland conducting an investigation, at the request of the governor, into charges of irregularities in Cuyahoga county in connection with the August primary election.

Sees Bright Outlook

Senator Charles Curtis, Republican candidate for the vice presidency, recently passed through Chicago and was met there by his son, Henry K. Curtis (right), a Trust Company official of Kansas City. Senator Curtis, who was on his way to Henry, Ill., to deliver a campaign speech, paused long enough at the Chicago railway station to say: "The West looks to me safe for the Republicans from all manifestations that we can read."

Florida's Relief Situation Facing Lack of Finances

The work of burying Florida's dead and searching for the missing lagged today as exhausted survivors and relief workers, hollow-eyed from lack of sleep since the West Indian hurricane struck on Sunday, huddled in the deep muck and water covering the stricken section around Lake Okechobee in Western Palm Beach county.

Most of the survivors, half famished, almost totally unclothed and crushed by the death of relatives, are physically unable to aid in the relief work.

The need of money is so pressing that Red Cross officials in the state are considering the advisability of requesting federal aid to the extent of \$500,000. Gov. Martin of Florida, has appealed to mayors of all cities in the state to send funds immediately to the stricken area. In addition, individual contributions from private citizens and various organizations through out the country are coming in.

A total of between 700 and 800 dead are in Palm Beach county, Red Cross officials state, in addition to hundreds of missing.

Shipments of bodies continue to reach the palm beaches from the everglades by truck and boat. One barge with 100 bodies is being towed to Palm Beach through a canal.

Other bodies are being buried in ditches in the regions around Lake Okechobee.

Sanitation is extremely difficult and strenuous efforts are being made to ward off the spectres of pestilence and disease.

HOOVER LOOMS IN DISCUSSION

Methodists Avoid Mention Of Names In Dry Resolution

Lorain, Sept. 21.—Though direct mention of Herbert Hoover was avoided in the "dry" resolution adopted by the Northeast Ohio Methodist Episcopal church conference here, it was predicted today that Hoover's name will be carried into the discussion some time during the remaining three days of the meeting.

Yesterday the 1,108 official delegates adopted a resolution supporting the 18th amendment and calling on all Methodists to support candidates who are known to favor prohibition.

Today the pastors recommended that next year, between Oct. 1 and 31, a drive for \$650,000 for a pastors' pension fund be made.

An inferred attack on the Ku Klux Klan was made last night when Rev. M. A. Dau, Philadelphia, chairman of the Home Missionary board, said that "people cannot be Americanized by the burning crosses on the hill-sides."

Contractor's Death Causes Work Delay

Because of the accidental death of J. D. Paxson of Salem, who was about to begin the surfacing of a new road between Clarkson and the intersection of the East Liverpool-Yongstown rd., it is considered likely that the surety on the Paxson contract will be called upon to proceed with the project.

In this case the contract was awarded to Paxson personally. His business was not incorporated. The completion of the contract will likely be discussed at a meeting of the county commissioners next Monday, although the award was made by the State Highway department.

"Doctor" Is Called Meanest Man Alive

Cincinnati, Sept. 21.—Justified in boasting of many things, Cincinnati has the distinction today of having something which it refuses to boast about—the "meanest thief."

As John H. Frazee, Rushville, Ind., a patient at the Good Samaritan hospital here, lay in bed yesterday a man, posing as a physician and affecting a professional demeanor, approached. "Your watch?" he inquired cheerfully, indicating Frazee's timepiece just above the convalescent's pillow. Frazee nodded.

The "doctor" picked up the watch, eyed it speculatively then thrust it into his pocket and walked hurriedly from the room while Frazee, astounded and helpless, was unable to follow. Frazee valued the watch at \$50.

RELIEF OFFICIAL SETS QUOTA FOR SALEM AT \$1,200

Conditions In Devastated Areas Worse Than First Stated

Salem's quota for the relief of Florida and Porto Rico sufferers was today placed at \$1,200 by John Barton Payne, head of the American Red Cross at Washington, in a wire to Mrs. Myra Woodruff, home secretary of the Salem Red Cross.

The necessity of immediate relief for the stricken territories was stressed by Payne, who set the national quota at five million dollars. Contributions in Salem can be left at The News office, Finner's National bank, or at the Red Cross headquarters at the Memorial building.

The telegram from Payne to Mrs. Woodruff follows:

"First surveys both Porto Rico and Florida disaster received at midnight by cable from Baker and telephone from Schafer indicate needs both places far exceed preliminary estimate."

"In Porto Rico four hundred thousand destitute and near to starvation with grave health problems and threatened epidemics."

"Refugees must be fed, clothed, sheltered by Red Cross for long emergency period. In Florida fifteen thousand families require immediate emergency aid and later rehabilitation."

"Five million dollars will be absolute minimum required as relief fund. This places your chapter quota at \$1,200. Confident when people your community realize grave need response will be immediate and generous. Urge you bend every effort to exceed this quota if possible."

(Signed) John Barton Payne.

CAMPAIGN DATA IS CONSIDERED

Ohio Republicans Hold Meeting In Capital Today

Columbus, O., Sept. 21.—Plans for the Republican campaign in Ohio this fall were considered at a luncheon and conference at the Neil House here today. Conferees included members of the G. O. P. state campaign committee, Republican candidates and various local leaders of the party throughout the state, including the chairman and secretaries of the Republican county executive committees. About 200 persons were present.

Today's conference, called by Arthur H. Nixon, Dayton, chairman of the Republican state committee, will be the last gathering of district and local leaders prior to the formal opening of the campaign in Ohio, scheduled to take place in Columbus September 28, it was stated.

The program for today's conference called for addresses by Carmi A. Thompson, Cleveland, as toastmaster at the luncheon, and by Myers Y. Cooper, Cincinnati, Republican gubernatorial nominee; U. S. Senator Simeon D. Pess, Yellow Springs, and, probably, by Congressman Theodore E. Burton, Cleveland, Republican nominee for U. S. senator, unexpired term. Thompson is treasurer of the G. O. P. state campaign organization.

Youngest Divorce Seeker Discovered

Columbus, Sept. 21.—Charging gross neglect and declaring the marriage license to have been obtained by fraud, Grace Marlowe, 13, is one of the youngest persons ever to seek divorce here, today had on file in common pleas court a suit for divorce through Mary Johnson from Harry Marlowe, 20-year-old Columbus youth.

Mrs. Marlowe alleges they were married Aug. 6, at Newport, Ky., both declaring at that time they were 21.

AUTHORS FLOCK TO SUPPORT OF G. O. P. CHOICE

Five Hundred Writers To Aid Republican Nominee

Washington, Sept. 21.—Five hundred of the nation's leading authors and publicists have pledged their support to Herbert Hoover for president issued today at Republican headquarters.

The list includes names familiar in every household and many of the writers will take the stump to aid Hoover's cause. Some of the leaders in the movement were Isaac Marcossan, Kathleen Norris, Zane Grey, Harold Bell Wright, Earl Derr Biggers, Will Durant, Will Irwin, Booth Tarkington, Bruce Barton, Robert W. Chambers, George Barr Baker, Frank N. Doubleday, Daniel Frohman and Edward W. Bok of peace award fame. Most of the publicists announced their reasons for supporting Hoover.

Bok said Hoover is "by far the best equipped man mentally, for the position."

"Hoover is eminently qualified in every way to be president," Kathleen Norris declared she supported Hoover because "we need someone at the head of our affairs who is wise enough to conduct them."

Grey will support him because of "character indicated by past performances and fitness for office."

Will Irwin, Albert W. Atwood, Hamlin Garland, Margaret Deland, Lucy Pratt, Lucy Stone Terrill, Sophie Kerr, Don Marquis, Henry K. Webster, Berton Brainerd, Edward Locke, Herman Hagedorn and Irving Fisher gave similar reasons. So too did Arthur Guiterman, Thomas L. Masson, George Weston, Davis Starr Jordan, Albert Edward Wiggam, Edward S. Van Zile, William Walter Smith, Dorothy Scarborough, George Haven Putnam, Charles J. Bullock and Vernon Kellogg. Hundreds more joined the movement.

Petitions from the city and county have been sent the state and replies received stating that in all probability action at the hearing will be favorable towards the elimination. J. R. Burkey, chief engineer of bridges at the state department told council that "the crossing is admittedly a bad one and deserving of elimination."

According to rumors in the county, opposition to the elimination will be forwarded by the Pennsylvania railroad, but P. W. Sullivan, division superintendent here, declared that "we have never opposed grade projects where they are warranted and where they are desired by the proper authorities."

"The Lincoln crossing has never been placed before the company for consideration," he said.

Representatives from the railroad company will be at Tuesday's session.

Air Racers Head To Cincinnati Airport

El Paso, Texas, Sept. 21.—Theodore Kenyon, in Challenger was the first of the Los Angeles-Cincinnati air racers in the class A group to take off from here today.

Dick Myrhes, in a Simplex, was the second to take the air here, hopping off at 6:35-15.

W. H. Emery, Jr., in a Travelair, was the third to hop off. His time was 6:37-35.

George Hopkins, in a Stinson-Detroler, hopped at 6:42-25.

Robert Duke, in an American moth, took off at 6:44-45.

The planes will stop at Mt. Air and for refueling.

Mines Field, Los Angeles, Cal., Sept. 21.—Low hanging fog banks early today delayed the start of the class B air race from Los Angeles to Cincinnati, while six planes stood at the head of the runway here, waiting for clearing skies.

Starting time had been officially scheduled at 5 a. m.

To Present Charge

Canton, Sept. 21.—Murder charges against Mrs. Caroline Evanovich will be presented to the September grand jury which will begin its work Monday, it was announced today. Mrs. Evanovich is charged with killing her eight-year-old stepdaughter, Dorcelly.

ELIMINATION OF RAILWAY MENACE IS CONSIDERED

Delegation from City May Attend Columbus Discussion

RAILROAD TO BEAR EXPENSE SHARE

No Cost to City If State And County Take Over Project

Hearing on the proposed elimination of the Pennsylvania railroad grade crossing, half mile south of Salem, on the Salem-Lisbon rd., will be held at Columbus at 2 p. m., next Tuesday by the state highways department, it was announced today.

Mayor Phil G. Hiddleston was notified of the hearing by telephone Thursday afternoon by L. A. Breen, state divisional engineer stationed at Ravenna. Breen requested that if possible a delegation from Salem should represent this city at the hearing. Columbiana county commissioners and surveyors have been notified and will represent the county, he stated. Commissioners and surveyors could not be reached today for a statement.

Whether the construction of an overhead bridge at the crossing, which is considered dangerous, is expedient, or whether the matter be dropped will be decided at this session. Harry J. Kirk, state highways director, will be in charge.

Joint Action

The elimination will probably be undertaken by joint county and state action, if it is found necessary, as a result of a formal petition sent to the state by the county commissioners in June in requesting that the project be placed on the 1929 state elimination program.

It was planned to put the proposition on this year's program, but this was forestalled in the county's announcement that it would be unable to pay its share this year. A request was then sent to the state asking that it be placed on the program for next year, as it was certain that the county would have funds available for the project at that time.

No Expense To City

Salem will incur no expense if the project is ordered to go through by the state, as 25 per cent of the cost is borne by the state, 25 per cent by the county, and 50 per cent by the Pennsylvania railroad.

Through former Rep. Ralph W. Emmons, now state civil service commissioner, the elimination was placed tentatively on this year's schedule, but he notified council that before definite action could be taken a petition from both city and county was necessary. Emmons is the author of the bill which annually sets aside one million dollars from the state gasoline tax for payment of the state's share of grade separations in Ohio.

Petitions from the city and county have been sent the state and replies received stating that in all probability action at the hearing will be favorable towards the elimination. J. R. Burkey, chief engineer of bridges at the state department told council that "the crossing is admittedly a bad one and deserving of elimination."

According to rumors in the county, opposition to the elimination will be forwarded by the Pennsylvania railroad, but P. W. Sullivan, division superintendent here, declared that "we have never opposed grade projects where they are warranted and where they are desired by the proper authorities."

"The Lincoln crossing has never been placed before the company for consideration," he said.

Representatives from the railroad company will be at Tuesday's session.

RUCKEVE BIRTH RATE DECREASES

Boy Babies Outnumbered Girls In '27; Sixteen Sets of Triplets

Columbus, Sept. 21.—Decline in the Ohio birth rate during 1927 as compared with the previous year was shown here today in a report of I. C. Plummer, chief of the bureau of vital statistics, which showed a drop of from 124,258 in 1926 to 123,425 in 1927, a decrease from 19.3 to 18.9 per thousand-population.

Ohio's population was increased during the year by 62,997 boys and 60,428 girls with 16 sets of triplets and 1499 sets of twins being recorded. One Akron mother, an Italian, gave birth to her 21st child.

Negro births decreased from 6355 to 6296 during the year. 40 Chinese, two Japanese and two Indian babies were born.

GERMAN ECONOMIC RECOVERY

While there has been general realization of the fact that Germany has been making a mighty effort to regain the proud place she once held in the commercial world, those who "listened in" on the recent radio address of Dr. Julius Klein, director of the bureau of foreign and domestic commerce of the department of commerce in Washington, must have been amazed by the facts presented by the doctor in his portrayal of the rapid economic recovery being staged by that nation.

The doctor's statement that Germany, during the first half of the present year, had shipped to foreign countries goods valued at \$212,000,000 more than her exports during the same period in 1927, while the surplus of imports over exports was \$78,000,000 less, may not have meant much to the average listener or the average reader of the printed report of his address, for figures tell little save when they offer opportunity for comparisons. But when he said that Germany's exports in 1927, exclusive of deliveries of goods on her reparations account, were nearly three times as large on a quantity basis as they were in 1924, one began to realize upon what he based his statement that "German export is increasing more steadily, and at a greater pace, than that of any other important European country."

It is a rather startling fact, Doctor Klein went on to say, "that the German domestic exports in 1927 had a greater dollar value than they did in the pre-war year of 1913, the figures being nearly \$2,428,000,000, against about \$2,403,000,000. Even when we make all due allowances for price advances, Germany's export sales are not very far from the volume they had reached before the outbreak of the war."

"The industrial recovery of Germany is being stimulated," Dr. Klein said, "by the German organizing genius, the achievements of German science, the improved industrial equipment and the rapid progress of efficiency in production and the effective marshalling of economic forces."

The one discordant phase of the German economic situation, according to the doctor, is that of labor, "which leaves much to be desired. Discontent and even a certain degree of menace are discernible in the ranks of German workmen, springing apparently from the feeling that wages are still more or less out of line with living costs and the country's general economic advance."

Recalling how nearly all Germany's mercantile marine was taken from her at the close of the war, Doctor Klein stated that she again ranked high in the shipping world, having 3,500,000 gross tons of shipping, rebuilding having restored to her seventy per cent of her once-world-famous merchant marine. "Germany is re-establishing her world-wide service with modern and economic ships," he said. "Her shipping lines have effected numerous amalgamations, larger companies absorbing smaller ones for the purpose of eliminating competitive services and gaining control of feeder lines." And then he went on to speak of the marked development of the German air service and the increased business of the German state railways. Last year, he said, the total distance flown by German planes was 6,200,000 miles, nearly fourteen times the mileage of five years ago, while the German state railways carried in 1927 25 per cent more freight than was carried by them the preceding year.

Assuming that Director Klein's portrayal of German conditions is accurate, and we have learned to accept as accurate any statistics coming from the department of commerce since its reorganization by Herbert Hoover, one is inclined to wonder what are the relative advantages and disadvantages of victory and defeat, for advantage may accrue from defeat just as disadvantage may follow victory. Much depends—possibly it would not be

going too far to say that all depends—on the temperaments of the victor and vanquished. By way of illustration, behold the French, largely given to marking time while awaiting the payment of reparations by the Germans. Then mark the Germans with every thought and every energy applied not alone to regaining the commercial place she once held, but to go beyond and surpass it. Which course, think you, will the coming years prove the more profitable?

What Others Say

DIABETES, SUGAR AND FAGS

There is nothing particularly novel in the general statement in the last bulletin of the New York city health department that the death rate from diabetes has increased materially in this country in the last 30 years and that the prevalence of the disorder is probably due to excessive consumption of sugar. But there is rather sharp interest in the supplementary statement that whereas the diabetic death rate has increased 50 per cent among men, it has increased 150 per cent among women. Everybody knows which sex is more given to indulgence in its sweet tooth. And the comparative statistics of mortality constitute a support of medical theory that seems final. Also the moral, or the warning, or whatever you wish to call it, to sugar addicts appears to be sufficiently clear. And it probably will be heeded by them about as much as warnings and admonitions are heeded by addicts to strong drink and drugs.

However, as far as women are concerned, there is a possibility of correction through diversion of interest. A commercial report from London notes a drop in the British cocoa market and diagnosticians have come to the conclusion that it has been caused in part because young women are "switching to cigarettes" and thus are diminishing the demand for cocoa. No corresponding phenomenon affecting the sugar market has been observed in America, but who can tell what the future may bring forth? Certainly the American girl is fast emulating the assiduity with which her English sister puffs the fag. Whether a cure for the sugar glutty brought about through such a substitution will be a gain is another matter. The point is one we prefer to leave to moralists and physiologists.—Detroit Free Press.

LET US ALL BECOME "WOHELO" FOLLOWERS

By Royal S. Copeland, M. D., United States Senator from New York, Former Commissioner of Health, New York City

I was sorry to read of the death of Mrs. Charlotte Vetter Gulick, founder of the Camp Fire Girls. In the field of outdoor activities for girls this noble woman was easily the leader. Through her work, health and vigor were given to thousands of American girls. Many a young mother of today can call her blessed.

Years ago it was my privilege to visit the famous camp on Lake Sebago in Maine. If I remember correctly the odd name of "Camp Wohe-lo" was given this interesting gathering place of girls and young women. After the death of Dr. Luther Gulick, Mrs. Gulick gave the name of her husband to the Camp Fire center.

You will be interested to know the meaning of "Wohe-lo." It sums up a beautiful philosophy of life. The word was coined from the first two letters of work, health and love—Wo-he-lo. So work, health and love are the aspirations and endeavor of the Camp Fire Girls.

Really, what would life be worth without work, health and love? They are at the very foundation of happiness, usefulness and long life.

There can be no health without work. There can be no perfection without willingness to work for those who should be near and dear to us.

Indeed, the whole philosophy of a perfect life is summed up in Mrs. Gulick's three words abbreviated to "Wohe-lo." I am sure the Camp Fire Girls and their founders would not object if all the rest of us became followers of a cult devoted to the principles of Wohe-lo.

has 50 members and there are several on the waiting list. Carl French, Walter French, Jack Lease, George Koontz and Walter Augustine left Monday for Columbus, where they will enter Ohio State university.

Miss Blanche Ream began teaching her fall term of school at the Willoughby school Monday morning.

Kingston, N. Y.—All efforts to check the spread of the forest fires in the Catskill mountains have proven ineffectual and the blaze is rapidly increasing in area.

The Frank Guy farm of 103 acres, north of Lisbon on the Franklin Square rd. has been sold to William Witmer, of Pennsylvania.

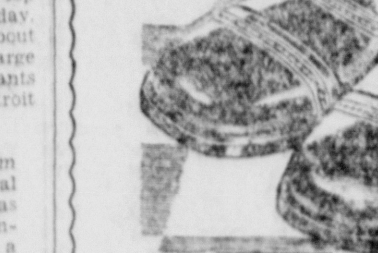

Portland, Me.—Forest fires are burning in many parts of Maine and the situation has become serious.

Manila—Fifty-eight new cases of cholera and 19 deaths are reported. The infection is spreading.

Kenosha, Wis.—A fire for more than two hours in Doris after the yacht, Rosinco, owned by Col. Robert Merce of Chicago, hit an obstruction and sank 12 miles off Kenosha harbor. George L. Week, wealthy Chicago broker, and six members of the crew were rescued by coast guardsmen.

The man who by his labor gets his bread in independent state himself can fix or change his lot.—Editor.

Differ as health authorities may regarding almost everything else all agree that the outdoor life is essential to health and length of days. Camp life for boys and girls is one of the promising practices of the day. It should be encouraged. For men and women, too, the sunshine and fresh air are essential.

Fortunately we need not have money to pay, for camp equipment or the expense of attending a formal camp. We have the makings in the door yard of every home no matter how humble. We can have work and health and love, no matter where Fate has placed us. Let us accept Wohe-lo as our motto.

Answers to Health Queries
C. S. G. Q.—I am 25 years of age. 5 ft. 11 in. tall. What should I weigh?

2—What can be done for an excessively dry throat—which disturbs my sleep at night?

3—What causes a creaking on the tongue upon arising in the morning?

A—You should weight about 170 pounds.
2—Be sure that you do not sleep with your mouth open. This would cause the condition you mention.
3—Some intestinal condition is probably responsible. Be sure to avoid constipation and watch results. For further particulars send a self addressed, stamped envelope and repeat your question.

E. E. Q.—What causes dull headache on top of the head?

2—What should a woman of 30, 5 ft. 5 in. tall weigh?

3—What causes bad breath?

A—May be due to a number of causes. Intestinal disturbances are frequently the cause of such headaches. Watch your diet and avoid constipation. For further particulars send a self addressed stamped envelope and repeat your question.

2—You should weight about 135 pounds.

3—Constipation, diseased tonsils, decayed teeth are all possible causes of this symptom. Find the cause and treatment will suggest itself.

The Stars Say—

For S. Sept. 22.

By GENEVIEVE KEMBLE.

THE stellar mutations for this day point to certain jeopardies to those in the employment of others, but decidedly enhance the interests of those disposed to launch forth on their own high adventures. These may have a political objective or may relate to understandings with trusts, "rings" or secret societies and likewise these may be subject to sudden reverses or downfall, or may develop situations of an irregular or erratic complexion.

Those whose birthday it is assured an affiliation with some secret order, corporation, or combination which will bring benefits and advancement during the year. For this may be attended by some irregularities or a sudden reversal, which may endanger the position and the employment unless precaution be observed. A child born on this day, may reach position in the limelight through diplomacy or intrigue, but will be subject to sudden reversal and loss of employment.

The man who by his labor gets his bread in independent state himself can fix or change his lot.—Editor.

Select a Fur Coat Now at 15% Less

The New Dress Coats for Women and Misses are Smart

Sleek-finished fabrics lavishly furred for dress

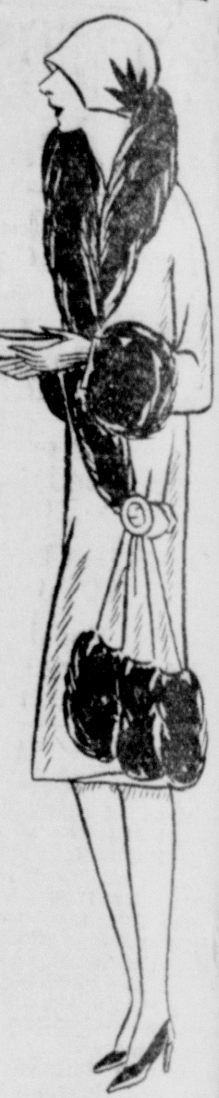

Feminine elegance in coats begins with soft, smooth fabrics—continues in subtle cut and line—and reaches its climax in the oceans of lovely furs that billow about throats, wrists, flares, hemlines—with color to meet every feminine mood. Black, wine red, spruce green, blueberry blue, autumn oak tans, browns. Caracul, skunk, baby seal, American opossum, wolf, kit fox, French beaver (dyed coney), Pointed Manchurian wolf (Chinese dog), red fox are the furs.

Woolly mixtures snugly fur-collared for travel

Tweeds, diagonal weaves, broken checks in black and white, grays, warm tans and browns fashion the coats that have such a travelwise, swagger, easy attitude—whether you're traveling in them or merely on sport or business bent.

Smart furs that trim them are raccoon, fox, caracul, wolf—in shawl or Paquin collars, and sometimes cuffs.

OHIO COLLEGE ATHLETES ARE BEING CHECKED

University Head
Methods Used by
Some Schools

COLUMBUS, O., Sept. 21.—Competition between Buckeye Athletic Association schools is becoming more pronounced in attracting athletes to the schools from high schools and colleges on the athletic playing field. Statements made here by Dr. O. C. Bird, Ohio University athletic head, who with Washington, Denison athletic director, has just made a survey of the situation.

Dr. Bird sent out questionnaires to various athletes in the B. A. A. and says that as a result they have found that some of the practices used by some of the colleges in connection with the athletes are bordering on professionalism. What they are doing, Dr. Bird says, may be open for the charge that some of them are getting better than others. Cincinnati is not reported in this survey.

Grant Scholarship
Dr. Bird said the survey showed last year Wittenberg granted \$8,755, Ohio Wesleyan \$8,000, Denison, \$800, Ohio and nothing and no report from Miami. Last year Ohio Wesleyan granted \$3,760 to athletes; Wittenberg, \$2,615; Miami \$1,635; Ohio \$2,000. The total amount loaned to athletes to date according to Dr. Bird is: Wesleyan, \$5,670; Wittenberg, \$4,641; Miami \$1,933; Ohio \$515.

Wittenberg and Wesleyan have field agents at work bringing in the best athletes, debaters and students. Dr. Bird said while state schools like Ohio cannot do this, the unfair competition is not since both endowed school state schools are opponents. Dr. Bird said, should be based on scholastic ability rather than athletic ability.

San Antonio Prepares Welcome To American Legion Delegation

SAN ANTONIO, TEXAS, Sept. 21.—San Antonio is ready for the coming of 100,000 veterans of the World War and their wives, mothers, sisters and daughters for the 10th national convention of the American Legion October 8 to 12.

Even the weather man is all lined up and ready to serve the finest brand of convention weather the organization has ever had. Inquiries have come to the bureau from all over the country and an investigation of records at the local weather bureau office going back 50 years shows:

Delightful fall weather holds for the period from October 6 to October 13. Average low temperature runs at 62 degrees, with the average high at 85. There is only the slightest chance for a rain, and that a mere sprinkle. Sunshine prevails during that week of October between 67 and 87 per cent of the time.

Veterans attending the convention, in addition to the pleasant weather and the reunion with their war comrades on the spot where

thousands of them trained, will find the greatest entertainment program ever planned for a legion gathering, according to Philip B. Stapp, general convention director.

A world's championship rodeo, a decision prize fight with leading championship contenders, spectacular battle exercises by the Second division, a Folies Bergeres show with dancing beauties of six nations, dancing every night on Alamo Plaza, an air circus with a thousand planes participating, the great parade of 60,000 men and women, din-

ners and social functions beyond number are on the program at San Antonio.

Bull fights and Spanish fiestas on the Mexican border are an added attraction. Side trips will be run to Laredo and Nuevo Laredo, Eagle Pass and Piedras Negras and also to King ranch, the lower valley of the Rio Grande, Corpus Christi and the Gulf coast and Brownsville and Matamoros. A 12-day tour will take a large party to Mexico City.

Field Marshal Viscount Allenby of Great Britain; Major Georges Scapini, of France; General John J. Pershing, Colonel Charles A. Lindbergh, Judge Kenesaw M. Landis, William A. Green, president of the American Federation of Labor, are among the distinguished guests who will be present at San Antonio.

GREETING CARDS

We carry a large and complete line of Greeting Cards for all your needs. Now is the time to order your Personal Christmas Cards while the line is complete.

J. H. CAMPBELL

Ohio Girl Prefers School Teaching To Hollywood Chance

Defiance, Sept. 21.—Miss Flo Bigelow, Hicksville school teacher is of the opinion that a certified position in the school room is worth more than untold chances in the movies for bathing beauty contest winners.

This unusual girl, the daughter of Mr. and Mrs. C. C. Bigelow of Farmer, recently turned down an offer from a New York publisher of a free trip to New York to compete in a national beauty contest which offered the winner an opportunity in pictures. She won first place in a northwestern Ohio contest sponsored by Power Dam Amusement park, south of here, July 15.

"I need the money I earn teaching and certainly could not give up my position for such an uncertainty," she explained.

Social Affairs

LOYAL WOMEN'S PARTY

A program of songs and readings was presented at the benefit party given by the Loyal Women's class of the Christian church Thursday night at the church, which was an enjoyable and successful event. There were about 200 guests.

The church was beautifully decorated with autumn leaves and garden flowers in a riot of colors. The guests were seated at round tables, which were ornamented with bouquets of flowers and tall tapers in various colors.

Miss Phila Fields was in charge of the program and Rev. C. P. Evans gave the address of welcome.

These numbers were included on the program: Cornet solo, Samuel G. Krauss, accompanied on the piano by Miss Betty Moss; reading, Richard Paxson, Berlin Center; piano solo, Calvin Conway; vocal solo, Arnold P. Lutes, accompanied on the piano by Mrs. Ruth Berry; vocal solo, J. William Filsen, accompanied by Mrs. Berry; reading, W. L. Holwick; reading, G. H. Mounts; violin solo, Robert Wentz, accompanied on the piano by Mrs. Snelvel; harmonica and guitar duet, Frank Yengling; mandolin and guitar duet, Messrs. Yengling and Snyder; oldtime "jigs" on the violin, Messrs. Snyder and Morningstar; reading, L. H. Fawcett; selection by Messrs. Yengling, Snyder and Morningstar. Refreshments were served.

MACCABEE PARTY

Mrs. Caroline Staudmeister, who lives north of the city, was hostess at a delightful social event Thursday evening at Maccabee hall, which interested members of Quaker City have No. 576, Ladies of the Maccabees.

This party was to have been held at the Staudmeister home, but owing to inclemency of the weather was held at the hall.

A fine chicken dinner was served and the guests were seated at two long tables.

The hall was beautifully decorated with garden flowers, which were furnished by Mrs. Ora D. Lakin, commander of the hive.

Following the dinner vocal and instrumental music and cards provided entertainment. The jewels of Quaker City court put on some comic musical stunts.

GIRLS WESLEYAN CLASS

Rev. Arthur Clarke, pastor of the First Baptist church, gave an interesting talk at a meeting of the Girls Wesleyan class of the Methodist church Thursday evening at the church, at which time the members entertained their mothers.

Mrs. R. W. Broomall had the devotionals. Miss Cora Seeks offered a piano solo, and Miss Flora Seeks sang a solo, accompanied by her sister. Refreshments were served. Officers will be elected at the October meeting.

BETHLEHEM CLASS

Mrs. Chester Kirkbride gave a talk on her trip to Washington at a meeting of the Bethlehem class of the Methodist church Thursday afternoon at the church.

Refreshments were served by the associate hostesses, Mrs. R. L. Smith, Mrs. Tetlow and Mrs. Simpson.

Dollar day will be observed at the October meeting at the home of Mrs. S. J. Broomall, Lincoln ave.

REBEKAH ANNIVERSARY

Home lodge No. 110, Daughters of Rebekah, will celebrate the 76th anniversary of the founding of the Rebekah degree Friday evening at the hall, Broadway.

There will be a covered dish supper for the members and their families at 6:30 o'clock.

Odd Fellows and their families are invited to hear the interesting program which has been arranged for the occasion. It will be followed by a social period.

SUNSHINE SOCIETY

Mrs. Frank Kamper of Beloit, and Mrs. Ernest Brudery, of Salem, were included in the guest list when Mrs. Joseph Meier entertained the members of the Sunshine society Thursday afternoon at her home, North Georgetown rd.

Needlework was an interesting diversion while the members visited and two select readings were given. A lunch was served by the hostess. The next meeting will be on Oct. 18.

HAPPY HOUR CLUB

Members of the Happy Hour club went to Columbiana Thursday evening and had a covered dish supper at the home of Mrs. Lester Harrold.

Cards were the favored diversion of the evening and prizes offered in the games went to Mrs. Thomas Young and Mrs. Carl Ruhl.

In two weeks the members will meet with Mrs. Clifford Segesman, Fair st.

SOUTH SIDE CLUB

Associates of the South Side club were guests of Mrs. David Asty Thursday afternoon at her home, Lisbon rd.

Fancywork was the engaging diversion while the women visited and the hostess served a lunch.

Meeting in two weeks the members will be guests of Mrs. Louis Schilling, Lisbon rd.

DEVOL CLASS

The Devol class of the First Friends church will have a social meeting Friday evening at Centennial park. The members are asked to bring their own corn, wieners and rolls.

Mr. and Mrs. Enos A. Morris and daughter, Ruby, and Miss Ettie Monroe of Palmyra were guests Thursday at the home of Mr. and Mrs. Charles Monroe, Jennings ave.

Miss Besse L. Walker, Cleveland, is spending a few days with her mother, Mrs. Amelia E. Walker, Franklin ave.

MEADOWBROOK CLUB

Officers were chosen for the ensuing year at a meeting of the Meadowbrook Community club Thursday evening at the home of Mr. and Mrs. Henry Lipsett, Goshen rd.

They are: President, Homer Gray; vice president, Miss Edna Rose; secretary-treasurer, Mrs. E. E. Bonsall.

Two committees, appointed are: Literary—Mrs. Otis Rhodes, C. D. Carr, Perry Robb; social—Mrs. Rebecca Richards, Mrs. Homer Gray, Mrs. Wilson Brantingham.

This program entertained: Reading, Mrs. Homer Gray; reading, Mrs. W. Jackson; piano solo, Miss Judge; readings, Mrs. E. E. Bonsall and Otis Rhodes.

Games and music interested the children in the club. There were 53 in attendance. Refreshments were served by the social committee.

The October meeting will be at the home of Mr. and Mrs. Perry Robb, Goshen rd.

THURSDAY CLUB

Honoring the birthday anniversary of Mrs. W. W. Tolerton, Mrs. Charles Cornwall entertained her associates of the Thursday Afternoon club at a luncheon yesterday at her home, Cleveland ave. Garden flowers were used effectively in the decorations. Needlework was a diversion of the informal afternoon.

In one week the members will meet with Mrs. Howard Chamberlain, North Union st.

MARRIAGE LICENSE

A marriage license has been issued to Forest Gotthardt, a florist of New Waterford and Miss Helen Safred, also of New Waterford, a clerk, and daughter of Mr. and Mrs. Thomas Safred. They were married at Lisbon by Rev. J. C. Cameron of the United Presbyterian church.

HOME CIRCLE

Members of the Home circle were entertained Thursday afternoon by Mrs. Perry Cook at her home, south east of Greenford.

On Oct. 11 the members will meet with Mrs. C. D. Arner, east of Salem.

Mrs. Lucille Yeager and Miss Blanche Kyle left Friday morning for Dennison where they attended the funeral service for D. C. Mahan. They made the trip by automobile.

AL SMITH

(Continued from Page 1)

He denounced it as "stupid forgery." "I here emphatically state," he declared, "that I do not wish any member of my faith to vote for me on any religious grounds. I want them to vote for me only when in their hearts and consciences they are convinced that the best interests of the country will be served by my election."

"And by the same token I say that any person who votes against me simply because of my religion is not, to my way of thinking, a good citizen."

As Governor Smith tore into his detractors, he frequently turned and faced the Rev. John Roach Straton, one of his bitterest opponents, who sat back of him on the platform to the left. It had been reported that Dr. Straton would "heckle" the governor, but he remained silent. By his side sat Dr. Mordcaai F. Ham, another fundamentalist who has been preaching against the Democratic nominee.

At one point, when Governor Smith cited the appointments he has made as governor of New York, showing a heavy preponderance of protestants over Catholics, the crowd interrupted the governor's speech with continued shouts of: "Ham! ham! ham! Pour it on him!"

Mrs. Willebrandt was not the only one named by Governor Smith. He also "called" ex-Senator Robert L. Owen of Oklahoma, one of the Democrats who bolted the Smith ticket and announced for Hoover. "The real basis for Owen's bolt," he said, "was to be found in religious grounds." This is Owen's home state. If he had friends in the audience they were silent.

The Ku Klux Klan, the Fellowship Forum, an anti-Catholic weekly published in Washington, and a Baptist publication in Lexington, Ky., all came in for scornful denunciation by name.

Ex-Senator Thomas P. Gore, for many years Oklahoma's blind representative in the senate, and a canny political judge, told the International News Service correspondent that he believed Smith had "greatly helped" the Democratic cause in Oklahoma.

Ex-Senator Thomas P. Gore, for many years Oklahoma's blind representative in the senate, and a canny political judge, told the International News Service correspondent that he believed Smith had "greatly helped" the Democratic cause in Oklahoma.

WILL SING FOR HOOVER AND CURTIS

Miss Grace Divine, Metropolitan opera star, of Cincinnati, Ohio, who has offered to sing, as her time will permit, at public meetings and other gatherings in interests of the Hoover-Curtis ticket.

MINE WORKERS MAKE APPEAL

Claim Pickets Too Few To Face Numbers Of Non-Union Men

St. Clairsville, Sept. 21.—The United Mine Worker's organization is about to request a modification of the federal injunction in Eastern Ohio, regarding the number of pickets that can be used on one post, it was reported here.

The information was given to Col. Don L. Caldwell, the governor's personal observer here, today. The grounds will be that since the injunction was handed down by Judge Benson Hough in Columbus, non-union miners outnumber the union strikers until it is not safe for a mere three pickets to operate in the face of several hundred imported miners.

It is understood that the same arguments which the operators used namely, that workers are being intimidated by the pickets, will be used in the application, except under present conditions, the pickets are being intimidated by the workers.

Officials of the miners told Col. Caldwell that in some of the mines as many as 500 workers go in and out daily and that their three pickets are being subjected to all kind of abuse by the miners, who greatly outnumber them.

No definite date was set for filing of the request, but it is understood that it would be before the end of the month.

Akron Hit by Many Burglaries In Night

Akron, Sept. 21.—Police here today were investigating a series of burglaries last night in which several safes were cracked. Five business houses, in all were entered but only small amounts of money obtained. An automobile, with bullet holes in the windshield and rear curtain, was found abandoned in a residential section. The license plate revealed that it was a car stolen recently from Hartsville, Ohio.

Mrs. Willebrandt was not the only one named by Governor Smith. He also "called" ex-Senator Robert L. Owen of Oklahoma, one of the Democrats who bolted the Smith ticket and announced for Hoover. "The real basis for Owen's bolt," he said, "was to be found in religious grounds." This is Owen's home state. If he had friends in the audience they were silent.

The Ku Klux Klan, the Fellowship Forum, an anti-Catholic weekly published in Washington, and a Baptist publication in Lexington, Ky., all came in for scornful denunciation by name.

Ex-Senator Thomas P. Gore, for many years Oklahoma's blind representative in the senate, and a canny political judge, told the International News Service correspondent that he believed Smith had "greatly helped" the Democratic cause in Oklahoma.

LONDON - PARIS PLANES CARRY 2,000 PER WEEK

London, Sept. 21.—Nine years of commercial flying between London and Paris, during which the number of passengers carried per week has risen from 20 to 2,000 and the speed flown from 60 to 120 miles an hour, were completed recently.

It was in August, 1919 that a small British airplane initiated the world's first daily commercial air service. The machine was a converted wartime plane, and the pilot was "Bill" Lawford, a war "ace." It carried two passengers who sat in cramped seats and who were lifted into the machine through a hole in the top of the fuselage. A 360-horsepower motor of uncertain age supplied the motive power.

A few weeks later this machine was supplemented by another, which carried four passengers and was then considered the "last word" in aeronautical progress.

The service really began to get going in March, 1920, when the taking off point from the English side was shifted from Hounslow to Croydon. There appeared the first real air liner, with plenty of room and comfort. It carried eight passengers at 100 miles an hour and had a magnificent cabin with a door at the side for entrance and exit. That was the beginning of luxury air travel.

Since then the air liners employed on the cross-channel route have been getting bigger, faster and safer.

Today, on their deluxe service between London and Paris, Imperial Airways employ triple-screw machines, developing 1,300 horsepower and carrying eighteen passengers.

sengers, in addition to two pilots, engineer and a steward, who serves refreshments from a snug buffet while the 8-ton craft speeds along at 100-120 miles an hour. The liners fly four times daily between London and Paris, Brussels or Cologne, and two thousand passengers are carried in an average week.

On A Busy Day

On a busy day as many as 50 machines—scheduled machines and specials—alight at the Croydon airport, while as many as 50 tons of merchandise are now carried in a week by passenger planes and special freighters. Americans make up the bulk of passengers during the summer months, according to officials at Croydon, while another interesting point is that women outnumber male passengers by nearly 3 to 1.

Incidentally, "Bill" Lawford no longer flies as a pilot. He now directs the machines in the air by radio control from the comfort of an easy chair in the Croydon airport.

New York—The business efficiency of American girls was highly praised by Kotaro Wakao, Japanese, who sailed on the Berengaria recently after a study of American public utilities. He said America's young women were much more successful in office work than the Japanese, and he hopes to transplant some of the former's methods to his own country.

Markets

MARKET IRREGULAR
New York, Sept. 21.—In general irregularity at the opening today. General Motors sold at 213 1/2 to 214 1/2, up 1/2 to 214, for 30,000 shares. Hudson Motor advanced 1/2 to 60 1/2. Packard gained 1/2 to 91 1/2. While Mack Trucks lost 1/2 to 91 1/2. Studebaker dropped 1/2 to 80 1/2. Among those higher in the index were Radio Corp., up 1/2 at 44 1/2. American Can down 1/2 at 41 1/2. Woolworth slumped 1/2 at 21 1/2. Coppers and steel shares were mixed, with International Nickel up 1/2 to 123 1/2 and Kennecott down 1/2 to 89 1/2. U. S. Steel sold at 156 1/2, down 1/2, while Bethlehem gained 1/2 to 64 1/2. Freeport Texas lost sharply, declining 3/4 to 60. Atlantic Refining jumped 2 1/4 to 181 1/2. Vigorous advances in the motor and specialty stocks were promptly resumed in the early trading of the stock market today. General Motors was the star performer, with an over-night jump of 1/2 to a new record high price of 214 1/2, to the accompaniment of a forthcoming sensational report concerning the recent developments in the corporation's new cars. Packard Motors, Chrysler and General Motors, however, were not in a frame of mind to give much consideration to the \$85,000,000 expansion in broker's reports after the close of Thursday's market. Buying orders from the outside points more than offset Wall Street's selling contributions and huge blocks of high-grade stocks were in demand at the best prices of the year. Most of the metals stocks moved higher in the first period and the same was true of a few of the oil stocks. American Petroleum, Standard Oil, International Nickel, Kennecott, Copper and General Cananea carried forward to a slightly higher level the movement which has been in progress for about two weeks. Sinclair and Standard featured the independent oil and good buying was also noted in the Standard oils. Higher prices were also quoted for the stocks of the power and light companies, including the New York City stocks and the western power stocks. Around mid-day Freeport, Texas recovered almost three points of the opening crash of 3 1/2 points. The stock opened at 60 after declaration of 3 cents extra dividend, a reversal of the practice of declaring 1/2 cent extra in addition to the regular quarterly disbursement. Call money opened at 3 per cent, against 1/2 at the close yesterday.

CHICAGO LIVE STOCK
Chicago, Sept. 21.—Hogs: Receipts 11,000; market steady; top 12.00; bulk 12.10 to 12.70; heavy 12.10 to 12.70; medium weight 12.10 to 12.70; light weight 12.10 to 12.70; packing sows 11.10 to 11.50; pig 10.50 to 11.50; holdovers 13.00.

Hogs—Receipts 1,000; market 25 higher; quotations: Top lambs 13; bulk fat lambs 14.50; bulk cull lambs 10.12; bulk fat 10.50 to 11.50.

CHICAGO GRAIN
Chicago, Sept. 21.—Grains opened steady today. Wheat was down 1/4 to 1 1/4, and corn and oats were unchanged to 1/4 higher. Opening quotations:
Wheat—Sept. 109 1/2; Dec. 114 1/2; March 119; May 121 1/2; Dec. 109 1/2; March 114 1/2; May 119 1/2; Dec. 109 1/2; March 114 1/2; May 119 1/2.
Corn—Sept. 42 1/2; Dec. 44 1/2; March 44 1/2; May 44 1/2.
Oats—Sept. 34 1/2; Dec. 36 1/2; March 36 1/2; May 36 1/2.
Rye—Sept. 54 1/2; Dec. 56 1/2; March 56 1/2; May 56 1/2.
Barley—Sept. 34 1/2; Dec. 36 1/2; March 36 1/2; May 36 1/2.

Boom Looms In Crooksville Field
Crooksville, O., Sept. 21.—Buoyed by apparently authentic reports that the largest oil well yet drilled in the field, by the Foraker Rens & Co., is gushing 1,200 barrels a day, a general influx of oil men throughout the state was streaming into this city today giving rise to the belief that a full-sized boom in oil is soon to be underway.

Divorces Grow With England's Poorer People

Poor Persons Procedure Act In London Is Harmful

London, Sept. 21.—Welfare workers are viewing with alarm the startling increase in the divorce rate among the poorer classes in Britain consequent upon the introduction of the Poor Persons' Procedure Act, which gives facilities to persons of small means to secure easy divorces.

At least 2,000 people, they point out annually are availing themselves of the act in London alone, while more than 5,000 cases probably are heard throughout the country every year it is estimated.

More Applications
Expert legal circles agree that the act has resulted in an increase in divorce applications, and believe that as the provisions of the measure become more widely known increasing use will be made of it by poor people anxious to have the marital knot untied.

Three hundred cases are down for hearing in the divorce courts for the forthcoming term, the majority being composed of pleadings under the poor persons rules.

Control of these cases has become an exceedingly elaborate affair. The terms of the act set up a committee of 46 members in London alone to examine applications, while 83 committees sit in provincial areas. Committees act as legal advisers to applicants including them to settle or abandon cases which have small chance of success. In addition to divorce work, the committees also consider and advise upon police, county and assize court cases instituted by poor persons.

Fees Are Limited
The operation of the act is only carried through by the self-sacrifice of attorneys and counsel. Eminent members of the British bar have frequently conducted poor persons suits for days without any fee or reward, and London attorneys as a body give services which represent a subscription of at least \$100,000 a year to the cause of poor litigants generally.

Such work is at present restricted to the high courts, proposals for inclusion in the county and local courts having been defeated owing to the heavy work entailed.

Obituary

MRS. W. C. BOYLE
Information of the death of Mrs. William C. Boyle, at her home in Cleveland Heights Wednesday afternoon, was received in Salem with regret. Although Mrs. Boyle had not been a resident of Salem for a long time, her absence in nowise had estranged her from her host of friends in this city.

Mrs. Boyle, before her marriage in Salem on September 11, 1879, was Miss Abbie Williams. Rukensbrod, being the daughter of one of Salem's prominent citizens, Jonathan Rukensbrod, who for many years was the editor of the Salem Republican Era, and a member of the state legislature for many terms. Her early married life was spent in Salem, with a short residential period in Seavickley, Pa.

In 1900, Mr. Boyle associated himself with the firm of Squire, Sanders & Dempsey, in the practice of law, in Cleveland, and this became the occasion for the acquiring of a residence in that city.

Although essentially a home woman, Mrs. Boyle gave bountifully of her services to all organizations and endeavors having for their purpose the welfare and happiness of others. She was a devout member of the Swedenborg church, and the call of deserving charities always received her prompt and generous response.

Early in life she became prominent in the activities of the Daughters of the American Revolution, and many of its important offices were filled by her with unusual ability. From 1910 to 1912, she was regent of Western Reserve chapter, and from 1913 to 1917, national recording secretary general. She was a Daughter of Colonial Governors, a member of the Society of Founders and Patriots. Fraternally, she was a member of the Eastern Star.

She is survived by her husband, Mr. William C. Boyle, her daughter, Mrs. Knelia R. Bolger and her grandchildren, William Boyle Bolger and Abigail R. Bolger.

Service will be held at the residence, in Stillman road, Cleveland Heights, at 3:30 p. m. Friday, and at the Boyle homestead, the residence of Mr. Boyle's sister, Mrs. George Campbell, on McKinley ave. in Salem at 2 p. m. Saturday.

OHIO DEMOCRATS PLAN BIG RALLY

Intensive Campaign To Start In Buckeye State Soon

Columbus, O., Sept. 21.—Consideration was being given today by Chairman Henry G. Brunner, Mansfield, of the Democratic state campaign committee, to the proposal that Ohio Democrats conduct a big statewide rally here, marking inauguration of intensive campaigning in the Buckeye state.

Regardless of whether there is a formal launching of the campaign, the Democrats throughout the state will begin intensive activities next month, it was stated.

Although no definite word has yet been received from Democratic national headquarters as to whether Governor Al Smith will be able to deliver an address in Columbus, Chairman Brunner said he was still hopeful that such an address would be made. While no definite arrangements have been made, it was expected that Governor Smith will talk at Cincinnati and Cleveland.

On the High C's

BENTLEY FUNERAL

A large number of people attended the funeral for Miss Ruth Bentley, High school senior, held Thursday afternoon at the home of her parents, Mr. and Mrs. J. E. Bentley, McKinley ave.

Rev. C. F. Evans, pastor of the Christian church, officiated. The pallbearers were: Clyde Jenkins, James Gregg, Al Fernengel, Max Wilcox, Patsy Konert, Ed Sidingier. Interment was in Hope cemetery. The senior class attended in a body. Relatives and friends were in attendance from Cleveland, Elyria, Ashland, Uhrichsville, Berea, Akron, Struthers, Massillon, Wooster and Pittsburgh.

WILLIAM S. HUFF

William S. Huff, 74, died Thursday morning at a hospital in Massillon after a two months' illness. Cerebral hemorrhage was given as the cause of death.

Mr. Huff, son of Mr. and Mrs. Gustavus Huff, was born May 3, 1854 in Middleton township where he had spent all of his life.

He is survived by three sons, Jesse of Schenectady, N. Y., Aaron of Carnegie, Pa., and Morris of Rogers.

The body was taken Friday to the home of his son Morris Huff, near Rogers and funeral service will be held at 2 p. m. Saturday at the Mt. Zion church; interment in the Mt. Zion cemetery.

LEGAL NOTICE

Notice is hereby given that the estimated assessment of the cost of improving Newgard Street from Liberty Street to the west corporation line by the construction of an Eight (8") inch sanitary Sewer on the south side thereof, on the lots and lands benefited, and to be charged therewith as set forth in a Resolution No. 271618, to improve said street, passed on October 18, 1927, has been made and reported to Council and said estimated assessment is now on file in the office of the Clerk of Council of Salem for the inspection and examination of all persons interested therein.

By order of the Council of the City of Salem.

FRANK GRIFFIN, Clerk.
Dated September 29, 1928.
(Published in Salem News, Sept. 21, 22, and Oct. 5, 1928.)

MANY COUNTRIES TO PARTICIPATE IN SEVILLE EXPO

Construction Era Now Is Greeting Large City Of Spain

Washington, Sept. 21. — Seville, Spain, is now in the midst of a construction era, according to reports received from Thomas E. Campbell, former governor of Arizona, who is commissioner-general of the United States commission to the International Exposition at Seville. The exposition will be held in Seville next year and the extensive construction activities are largely due to the erection of many magnificent exhibition palaces by the exhibiting countries which were once wholly or partly colonized by Spain, when that nation was the reigning country of the world.

Commissioner Campbell reports that all the countries of Central and South America as well as the United States, Mexico, Cuba and Morocco will participate in the exposition, scheduled to open on March 15 next and to continue throughout 1929.

City of Scaffolds
"Seville today is the city of scaffolds," writes Commissioner Campbell, "everywhere visitors go they see building construction, either in the erection of new hotels or apartment houses, which will be ready to house the visitors to the exposition, or the erection of permanent and temporary exhibition palaces where each participating nation will display to the visitors the different phases of both governmental and private life in their country."

Commissioner Campbell is now in Seville supervising the erection of the three United States buildings which will house the exhibits of the twenty-three governmental bureaus of the U. S. The buildings of Spanish Colonial type, were designed by William Templeton Johnson of San Diego, Calif. One of these buildings will be permanent, while the other two will only be temporary. The permanent building, after the close of the exposition, will become the United States consulate in Seville. The United States participation in the Seville exposition has been assured by a congressional appropriation of \$700,000.

U. S. Building Ready
"Construction on the United States government buildings was started in February of this year and will be completed about October 15. We expect to begin the installing of the exhibits in the buildings about a month before the opening of the exposition. Commissioner Campbell continues, "The permanent building will house all the latest household conveniences. In addition to serving as an exhibition building during the exposition, it will also be a demonstration of a modern American home."

The exposition grounds, which have been under cultivation for sixteen years, are flanked on one side by the Guadalquivir river and on the other by the Marie Louisa park. Most of the exhibition palaces are planned to be permanent and to harmonize with the architecture of Seville. The main exposition buildings of Spain are completed and the government is now erecting exhibition halls for private concerns to house their displays.

Jerusalem—The main commercial and diplomatic representation of the United States government in the Near East is to be transferred from Syria to Palestine, according to a report here.

Richmond, Va., Sept. 21.—Little Miss Nell R. Lee Scott will celebrate her ninth birthday, Oct. 2, by distributing Hoover and Curtis literature in the hall where her mother.

NEEL R. LEE SCOTT
Mrs. Carroll Thomas Scott, will be making an address.

This is Nell's third presidential campaign season. Both in 1920 and 1924, she traveled with her mother from one end of Long Island to the other, where Mrs. Scott made numerous speeches. She was too small, in 1920, to wear a Harding Coolidge flag, so a small one was attached to her perambulator. In 1924, however, she appeared with her two dolls and sang this slogan, written by her mother:

"Take it from the three little sages, Cal Coolidge is the best bet in ages."
"Put Herbert Hoover over."
"Give Uncle Sam another four-leaf clover."

Cleveland Home Is Damaged by Bomb

Cleveland, Sept. 21.—The wave of criminal violence which has resulted in the murder of two Cleveland policemen within a week, was extended when two bombs were exploded under an East Side home here early today.

The explosives were placed against the foundation of the home of Nathan Weisenberg, a salesman, who was out of town. His wife, Anna, and son, Francis, 19, were thrown from their beds and the son was slightly cut by glass. Most of the windows in the house were broken, the basement wrecked and the lower floor damaged. No reason for the bombing could be assigned by the wife or son.

RECORD KEEPER SEARCH OBJECT

Government Hunts Man With Data On Mine Relief Work

Pittsburgh, Sept. 21.—Alfred Wagenknecht, custodian of records for three bituminous miners' relief committees, cannot be located by federal officials, who seek to serve an order on him to produce the relief fund records for the inspection of postal authorities and the federal grand jury.

The writ, a subpoena duces tecum, was issued on order of federal grand jury in Erie, after legal wrangling during which the records of the committees were first seized then released by order of the federal court.

The committees involved are the western Pennsylvania miners' relief committee, Pennsylvania-Ohio miners relief committee and the national miners relief committee.

The subpoena orders Wagenknecht to produce before the grand jury all records of the committees on collections of money for the relief of striking miners, and also records of collections of clothing and merchandise together with all ledgers and cash books. Authorities seek to determine if any postal laws were violated in the collection of funds.

Wagenknecht was not in his office here when officers called, and no one could say where he had gone.

Sebring Gets Share Of Gasoline Funds

Sebring, Sept. 21.—James Elliott, city clerk, received a check for \$1,116 Thursday from the state treasurer at Columbus, which represents Sebring's share in the auto gas tax collections for the last three months. The money can be used only to improve streets which are already improved and cannot be used to finance new constructions.

Rome—Gen. Umberto Nobile, who was on leave from the army for the polar expedition which ended so disastrously off Spitzbergen on May 25, was recalled recently to active service.

ALLEGED KILLER IS ILL AT EASE

Trembles and Hides Face From Crowd At Station

SALEM, B. C., Sept. 21.—Convicted and trembling, his cap pulled down over his face, and coat collar turned up as though to hide from the crowd, Gordon Stewart, Northcott, the accused slayer of four boys, appeared here today in charge of a police squad.

As the train pulled into the station, hundreds of curious citizens thronged the Canadian Pacific station to see the alleged slayer.

While Northcott was being taken to the Oskaloosa jail, his mother, Mrs. Sarah Louke Northcott, wife of a man connected with the accused slayings at Riverside, California, admitted her identity to police officers in a cell at a Calgary station.

HOMEWORTH

Hugh W. Brooke of Vanport, Pa., spent Tuesday at the home of his parents, Mr. and Mrs. Owen Brooke, Mrs. Leah Johnson and daughter, Miss Phyllis of Alliance spent Sunday at the home of Mr. and Mrs. Wm. Gross.

George Ferner has gone to Lafayette, Ind., where he is assistant teacher in advanced work in chemistry in Purdue university.

Mrs. Rebecca Yeagley has returned to Wayland.

A number of Homeworth relatives are attending the funeral services for Mrs. Susan Hildenbille, 74, widow of the late Henry Hildenbille, at the late home in Freeburg Wednesday in charge of Rev. William E. Seesholtz of Canton and C. M. Harsh. Surviving are two brothers, Jacob Shaffer of Canton and William Shaffer of Homeworth. Mrs. Ralph Irwin and Mrs. George Delf of Homeworth are nieces. Burial will be made in Salem Church cemetery.

Mr. and Mrs. A. S. Weaver and Mr. and Mrs. Lewis Walborn and son, Dale, visited friends in West Virginia, Sunday.

John Liber, Clark Hahn and Wilbur Schopfer, are attending High school at Damascus.

Miss Mary Huston was to Alliance on business Saturday.

LIVERPOOL TO CHANGE MAINS

\$5,000 to \$10,000 Will Be Cost To City For Work

When the State Highway department reconstructs the brick section of the Lincoln Highway in Madison township and widens a section of the same route in Liverpool township, it will cost the city of East Liverpool between \$5,000 and \$10,000 to lift and relay a new water main that is now being constructed outside the municipal limits, and also the new main constructed by the corporation along the Lincoln Highway.

The last surface treatment that will be given the Madison township section of the Lincoln Highway will be put on next week, or as soon as the present wet spell subsides. Material for this work has been received. The surface treatment will extend from the intersection of the St. Clair-Madison township line near the new East Liverpool air port

and continue north to Madison stop on the Y & O. railroad.

In reconstructing this section of the Lincoln Highway next year, the "knob" at Rock Camp is to be knocked off and the road straightened, while the road is also to be straightened and the reverse curve removed at "Hill Deadening."

Very little grading is to be done on this section other than at these two points.

It is also being proposed to widen the Lincoln Highway in Liverpool township and this will necessitate the relocating of the new water main that is now under construction.

GUNMAN ADMITS DETROIT HOLDUP

**Doctors Say Killer Recover from Wounds
Daughter Visits**

Cleveland, O., Sept. 21.—The believed near death repeated within the last few days, Paul J. Jawarski, notorious Pittsburgh Detroit gunman, who was shot down and captured here last week after he had killed a policeman, reported improved at City hospital today.

Physicians say he yet may recover sufficiently to stand trial for a degree murder, Oct. 22.
Questioned yesterday by Prosecutor Robert M. Tamm, of Wayne county Michigan, Jawarski acknowledged that he participated in the Detroit News payroll hold last June. He had denied participation in this robbery since his arrest.

His 19-year-old wife, Margie, was permitted to visit him late yesterday. He was also allowed to his 10-month-old baby daughter.
Reports reached police here today that four men and a woman believed to have been former members of the notorious "Flathead" gang, of which Jawarski was the leader, had been arrested. Weirton, W. Va., in connection with a holdup at New Cumberland, Va. The "Flathead gang" perpetrated a series of famous robberies in western Pennsylvania.

Directs Booze Prohibition

Ohio Collegians To Pry Lid From 1928 Gridiron Season

Five Games Listed For Buckeye Fields; None Are Important

Columbus, Sept. 21.—Aside from giving the new cheer leader an opportunity to limber up some old kinks and contracting new frogs in the throat tomorrow's football premier on Ohio college grids isn't expected to cause great excitement, although Coach Schmuck of Ashland college picked out a man-sized job when he scheduled the Key-state normal athletes.

The state college gave Ohio Northern plenty of trouble in their "annual" year, and is touted to turn the tables and finish on top of the clash.

Findlay college, according to early predictions, won't upset anything in the water bucket, when it clashes tomorrow with the United Brethren at Westerville.

The game between Wilmington and Antioch is down as just "one of the things."

Cedarville is going to learn a lot of football at Winchester, Ky., when the Kentucky Wesleyan line tomorrow afternoon, as the Colonels are slated for even a better season than last year.

The game will be the only activity on other college grids.

When Ashland college Slippy Rock (Pa.) Normal and here tomorrow for the first game of the season. They have had nearly three weeks of practice.

Ashland's forwards are expected to have been for several weeks with Earl Russell, former fullback and Denison University star for the last two years, in the lineup along with Capt. Harry Bancroft, and Dones, the end is expected to give the Pennsylvania teachers some trouble.

Findlay Plays
Westerville—Otterbein college will host to Findlay college gridiron tomorrow in the season opener and according to the dope should come out on the long end for two days because of injury to the star.

Although Capt. "Dutch" Lee is expected to be in the starting lineup against Findlay, Coach says he will be out.

Ohio Northern university's game entertain the Bluffton college here tomorrow in the first game of the season, and Coach Smith plans to send the team out to Bluffton on the road. This game is an annual between the two schools and is mainly to give players of both teams plenty of practice. The Bears won from Bluffton last year 8 to 0, in a game which Meritt was practically every man.

Wilmington—Wilmington college is expected to be a one-sided game according to the advance word. Coach "Shifty" Bolen has his line in fine fettle for the initial contest and a number of new men have appeared on the field the last few days.

Wilmington's veteran 200-pound line, Adolphus Fournace, has returned and promises to strengthen the line.

Cedarville Away
Cedarville will travel to Winchester tomorrow to play Kentucky Wesleyan, old rivals. Both teams are expected to finish second.

Twenty-one battle-scarred veterans, most of them two letter men, are among those who have reported for practice at

Salem High Will End Practice Sessions For Initial Game

Yankees Lose as A's Defeat Tiger Outfit

One Lone Game Separates World's Champs and Philadelphia

New York, Sept. 21.—Throw out the life-line—the Yankees are sinking again!

With their lead cut to one game and the Athletics barging along smoothly and swiftly in their wake, the world's champions faced another crisis in Chicago today. Red Faber registered his fourth victory of the season over the New Yorkers yesterday, and there still remains the obstacle of Grady Adkins, another Yankee hoodoo. New York double plays are as rare as a lunch counter steak with Lazzari nursing a sore arm and Koenig hobbling around on a sore foot, and the mighty G. H. Ruth isn't hitting his weight in cobwebs.

Piepas and Hoyt, right bower and joker of the New York pitching staff, couldn't hold the Sox yesterday. The pale hose won out in the twelfth, 4 to 3, on a single, a stolen base and two sacrifices.

The A's downed Detroit, 6 to 1, by bunting hits off Whitehill in the seventh. The Tigers couldn't get started against Grandpa Jack Quinn.

The Chicago Cubs, a game and a half behind the second-place Giants in the National League scramble, will attempt to gain ground at Brooklyn's expense today while New York and St. Louis are idle. If the Dodgers happen to be in the mood they can make considerable trouble for both Chicago and St. Louis, and even the battered Boston Braves are showing signs of life. The Back Bay boys snapped out of their slump yesterday, scoring eight runs in the first inning of their second game with Cincinnati.

The Philadelphia Athletics have a chance to tie the Yankees for first place in the American League today. They advanced to within one game of New York by defeating Detroit yesterday, 6 to 1, while the Yanks lost to Chicago. The standing:

Mount Starts Grid Grind In Earnest

Alliance, Sept. 21.—Shoulder pads were issued to the Mount Union college gridgers Thursday evening, beginning a week of hard

Bulldog Begins Its Practice

workouts and scrimmages. Thus far this season Coach John M. Thorpe has run his squad through practices the main purpose of which was the gradual conditioning of the men.

With the opening game with Allegheny college at Meadville, Pa., just one week away, the Mount teams have buckled down to the real work of the year. Dummy tackling and blocking, passing and punting as well as signal drill are on the practice menu each night.

Coach Thorpe is paying special emphasis to his line which will be more inexperienced and green than last year's. Three sophomores among those being groomed for line berths, are developing rapidly, and are likely to land regular berths on the varsity before the season is well advanced. Lorin Lindamood, Alliance, 6 ft. 3 1/2 inches, seems to be the find for a center, one of the line positions left vacant by graduation.

Salem-Sebring To Combine for Football Season

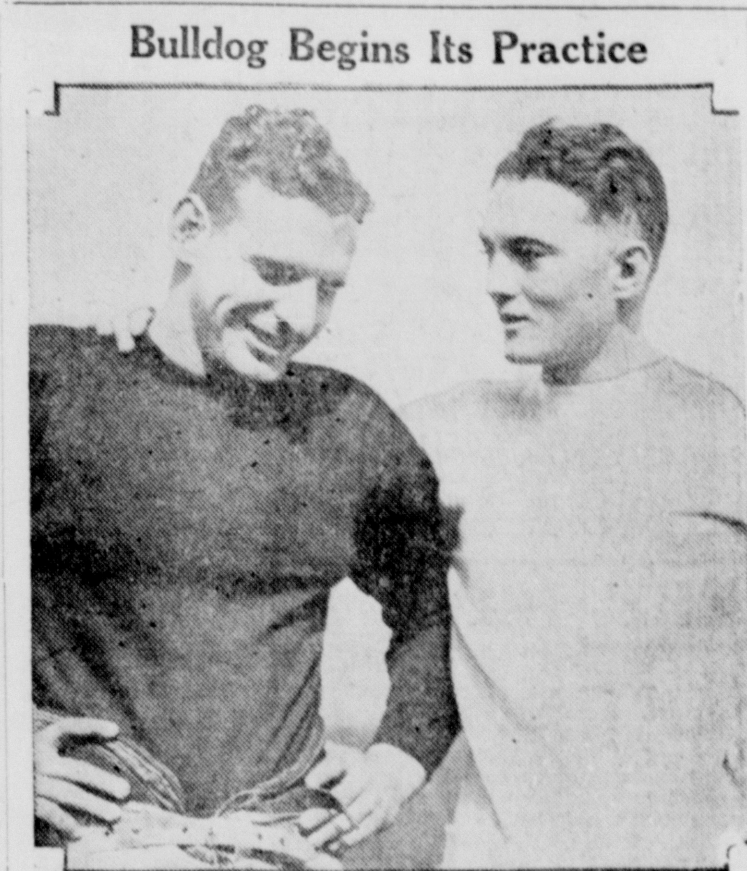

Salem will combine with Sebring in the formation of what is expected to be the strongest semi-pro football team developed in this section for years, according to plans completed in a meeting of representatives from both teams at the Memorial building last night.

The first practice will be held at the new Althouse athletic field, on the Salem-Alliance rd., at 2:30 p. m. Sunday, and the first game will be played at Sebring, Sept. 30, against the Canton Nusbäum Jewellers.

Carleton "Sky" Mefort was named coach of the team, which will be known as the Althouse Studebakers and will be assisted by Frank Hogue, former professional grid star, of Sebring.

As soon as the Althouse field is completed, all games will be played there. The following players reported at last night's meeting:

Sebring—Hogue, Mills, Nigel, Baumgartner, Brimlow, Mays, Shuster, Palmero, Hazel, and Hahlen. Salem—Jones, P. Sartick, Corso, Whitley E. Dowd, T. Seeds, K. Dowd, Cecil Scullion, Gregg, Duncan and Simonds.

Here is Yale's new head coach, M. A. (Mal) Stevens (right) conferring with Captain M. H. Eddy at start of the football practice. Both are optimistic over prospects for the team.

Studebakers and will be assisted by Frank Hogue, former professional grid star, of Sebring.

As soon as the Althouse field is completed, all games will be played there. The following players reported at last night's meeting:

Sebring—Hogue, Mills, Nigel, Baumgartner, Brimlow, Mays, Shuster, Palmero, Hazel, and Hahlen. Salem—Jones, P. Sartick, Corso, Whitley E. Dowd, T. Seeds, K. Dowd, Cecil Scullion, Gregg, Duncan and Simonds.

Giants Still Have Chance

Experts Concede Cards Have No Easy Path

DAVIS J. WALSH
New York, Sept. 21.—If you asked the St. Louis Cardinals today, they would tell you that they are riding side-saddle to the National League pennant after winning the first game of their double-header with the Giants yesterday. If you asked the writer, he might venture to say, that, after the Cards had won and then had blown the second game, the Giants' cause is not hopeless.

There is something psychologically disquieting to any club when it goes into the eighth inning behind a 4 to 2 lead, with its favorite pitcher in operation. And can't protect its advantage.

If Alexander, seemingly about to score his first decision over the Giants this year, simply had failed to get the hitters out, one might lift a careless shoulder and call it a break of the game. But Alexander, far from blameless though he might be, had to see the first run of the inning score on Jimmy Wilson's passed ball and Maranville fill the bases in a fumble on Jackson, before he pitched that home run ball to Hogan. The Jackson tap should have ended the inning and, to all purposes, the game with the score 4 to 3, for the Rabbit had a force play at all three bases and nothing to do but pick up an ordinary ground hit.

The sudden shift of fortunes, reducing the Cards from the status of a potential pennant winner to that of merely a leading contender again, must have been somewhat disconcerting and, offhand, it might seem that the Giants are in the better position morally, to go after tomorrow's finale.

No, the Cards aren't "in;" at least, not yet. They might blow that one tomorrow, in which case their lead will be only one game with eight to go.

The "key" game of the situation, therefore, must come tomorrow. If the Cardinals lost it, the thing will become a fight to the finish with the Giant-Card game of September 30 the great "convincer" for one club or the other.

Still, these mathematical certainties at the end of a pennant race have a way of turning into mathematical interrogations.

History, and fairly recent history at that, proves that there is nothing mathematically certain until the last vote is in, however. Thumb back through memory's pages to 1922, and you will recall that the Yankees left home with a 4 1/2 game lead over the Browns after their famous series at Sportman's park. At that particular juncture, the Yanks had only four games to play, the Browns five.

All they had to do was win one of their four while the Browns dropped one out of five and it was over. But the Browns won five straight from tough clubs while the Yanks were beaten twice by the lowly Red Sox and only pulled out the third and pennant-deciding game by a whisper.

The Cards get the easy clubs after they leave here and the Giants must take the tough ones.

Starting Lineup Not Known; Competition For Positions Is Hot

With tomorrow's starting lineup still problematical, Salem High gridgers tonight end a week's grueling practice in which they are expected to have reached top early-season shape for the crucial grid affair with Louisville at Reilly stadium.

Competition was on all week between members of the squad for every place on the varsity, with only three or four given preference over the rest due to experience, which will be so valuable to the team tomorrow and the rest of the games.

A hard struggle is looked for by the players from Louisville. All spectators are requested to gather in the bleachers and not flock around the field and obstruct the view of those seated. Approximately 1,200 persons can be seated in the bleachers. Cheerleaders for High school organized cheering will be named today.

Officials selected for the game will be Bell and Connell, of Warren, and Thomas of Canton. They were chosen for the game by the North-eastern Ohio officials association.

Salem Lad Among First String Men At Ohio State U.

Columbus, O., Sept. 21.—Five Buckeye gridgers are on the hospital list at Ohio State due to the strenuous workout Dr. Wilce, head coach has been putting his men through this week.

Ted Hietanen, veteran tackle, Howard Kries and Hardy Kruskamp, backfield men, have wrenched knees, while Oster, a lineman, and D. Dunn, a back, are suffering from a bruised nose and a broken toe bone respectively. Debrunz will probably be out for the remainder of the season.

George Alber, veteran end, who suffered a broken nose Tuesday, is back in the lineup again.

First team selections are taking form, and unless some lad shows unusual ability, the first group will include Alber, Surina, Dill and Fontaine as ends; Raskowski, Hietanen, J. Nesser and Griffith as tackles; Young, Fessler, Reboulet and Ujhelyi as guards, and Barratt, Scheer and Larkins at center. First line fullbacks are Kruskamp, McClure and Cory, while halfbacks include Eby, Huston, Coffee, Holman, McConnell and Fouch.

Fred Barratt, star center of last year's frosh team is the heaviest man on the squad, weighing in at 241 pounds.

Columbiana High Books Six Games

Columbiana, Sept. 21.—The Columbiana High school football schedule for 1928 is a somewhat abbreviated one, consisting of only six games, although one or two may be added later. The uncertainty of the make-up of the team, due to the inexperience of the material, makes the short schedule advisable. Following are the games booked:

form, and unless some lad shows unusual ability, the first group will include, Alber, Surina, Dill and Fontaine as ends; Raskowski, Hiercynmus, J. Nesser and Griffith tackles; Young, Fesler, Reboulet and Ujhelyi as guards, and Barratt, Schear and Larkins at center.

First and second string are Krueger, McClure and Gust, while backbacks include Eby, Hutton, Coffee, Holman, McConnell and Fouch.

Fred Barratt, star center of last

NEWS AND PROGRAMS

The Gold Spot Pals, Dixie Circus, Wrigley's Review, and Palais D'Or orchestra are the feature programs on the air tonight from the relay network of WJZ, while WEAF will offer over its chain of associated stations such entertainment as the Happiness Boys, Cities Service orchestra, An Evening in Paris, and St. Regis hotel orchestra.

From the Columbia chain, available to Salem listeners best through WADC is the Republican national committee program at 7:30. The Kodak Front Porch half hour will be taken up with several old Irish selections, including "Mother Machree," "Irish Love," and "Harp That Once Through Tara's Halls." This will be heard from 9 to 9:30.

Ford and Glenn will be in the WLS Showboat program from 9 to 10. From WTAM, starting at 1:30 this afternoon, play-by-play accounts of the Washington Senators-Cleveland Indians baseball double-headers are broadcast.

LABOR TO AID OHIO MINERS

Pledge Relief System for Striking Workers; Music Is Rapped

Columbus, Sept. 21.—With the Ohio State Federation of labor definitely pledged to adopt a relief system for the striking miners of Ohio, one of many resolutions passed at yesterday's session of the annual convention here.

Delegates to the labor assemblage prepared to convene today with election of officers as the major business of the day.

Action of the federation in regard to the miners was taken after Lee Hall, president, District 6, U. M. W. A., had charged that operators who were inclined to deal with union officials were intimidated by threats of non-union coal operators. Following adoption of the relief resolution, Hall introduced a resolution calling upon the incoming executive board to use its efforts in preventing the use of injunctions in labor disputes.

Urging building trade councils and central bodies to raise the question of a five-day week when making new agreements, the federation officially sanctioned the five-day working week by resolution.

"Canned music," as it relates to the substitution of music synchronized to the screen for the personal service of musicians, received the condemnation of the convention.

Air Mail Service Idea Credited To Poor Stunt Flyer

Chicago, Sept. 21.—An itinerant and financially-burdened flyer and his press agent must be given credit for inaugurating America's air mail service, according to Harold Cray of the American Air Transport association. The aviator was Paul Beck, a student flyer.

In 1912 Beck was performing airplane feats at Coney Island near Cincinnati, but the crowds were not coming to the show. Beck's press agent sought a way to get the aviator into the newspapers and conceived the idea of inducing the postal department to authorize the

aviator to carry mail between Coney Island and California, Ohio. A distance of four miles. The post office department authorized the establishment, without cost, of an air mail route between the two points, only souvenir postal cards to be carried. The flights duly and safely made in the evening on the three specified days and 500 pieces of first-class mail were handled at the regular first-class rate of postage.

Then ten years ago the post office department officially inaugurated the present day air mail system of flying army planes between Philadelphia and New York. That insignificant mileage has jumped until today the mail planes are flying at the rate of more than eight million miles a year and in 1929 they will fly ten million miles on authorized mail routes which serve 102 cities in thirty-five states.

From the 560 pieces of mail Beck handled in three days, way back in 1912, the mail planes are now carrying from one-third to one-half million letters every twenty-four hours, exclusive of parcel mail, express and passengers.

New York—Betty Simpson of Ada, Okla., whose claim to the girl's stoneway championship is undisputed, is cured. Back from England where she spent a month in jail for her specialty she received word that George Brogan, of Galesburg, Ill., was waiting to marry her.

THE HOME KITCHEN

By Jeannette Young Norton

Just between ourselves we women all want to look and keep as young as possible. We each have our own pet theories as to how it can be done. Sometimes they work and again they do not. A famous French physician was asked what the cause of premature old age was and his answer was given in two words, "accumulative fatigue." This is brought about by many causes. burning the candle at both ends, continuous work without vacation, improper food, neglect of physical condition, insufficient sleep, frayed nerves, and worry.

There are a few general rules that may help if heeded, in many cases. In the first place analyze your worries and troubles. After doing so eliminate as many as possible from your mind. Worry is useless. It never corrects a condition and if the same energy were used to solve the problem it might in many minor cases be done away with. Then see to the teeth. Be sure they are in order, have the doctor look you over if you are worrying over yourself, let him map out a simple diet, with plenty of bathing, and water drinking, and then look into the rest of the troubles. Arrange housekeeping in the simplest and easiest manner, eliminating all small irritating worries along this line. See the chiropodist and get your feet fixed up, have a manicure, a shampoo, maybe a facial, then start the campaign for youth. No matter how busy a homemaker may be she can always arrange her

work to allow her to take a nap sometime during the afternoon. An hour or absolute rest will freshen her wonderfully. This nap is one of the greatest points in the campaign. It brightens the eyes, quiets nerves, restores sagging muscles. Many women take their baths at night, then they have time to brush their hair well, which is always restful, and use their favorite night cream, rubbing it into the skin thoroughly, then wiping off the superfluous cream with a soft cloth. This well groomed feeling is soothing and induces restful sleep. Sleeping alone and with plenty of fresh air, though not in a draught, insures best sleeping conditions. Plenty of clean clothing is another help, light, well fitting and dainty as may be.

Plenty of fresh vegetables, cooked and uncooked and plenty of fresh ripe fruits are a joy, are nourishing, supply natural sweets and are grateful to the taste. Comfortable clothing, shoes with medium or low heels, and stockings that are long

enough not to bind the foot. These simple home rules will work wonders, which will counteract the drows if followed out, especially the weariness of house work.

HELIGOLAND IN POVERTY FIGHTS AID OF PRUSSIA

Starving German State
Refuses All Offers
For Help

Hamburg, Sept. 21. — Heligoland, picturesque rocky island towering high above the waters of the North sea, dramatic scene of many a grim duel between the British and German navies during the war, is doomed to financial ruin, but does not want to be saved.

Its proud inhabitants, for centuries enjoying privileges non-existent in other German provinces, have rejected a Prussian project to erect, at a cost of several million marks, a large dam to save Heligoland beach from destruction by ever nagging waves. The dam was to be built on condition that the beach should become the property of the Prussian state. Heligoland considered this condition unacceptable and rejected the project.

Means Starvation
Destruction of the Heligoland beach would practically mean starvation of the islanders, for its only source of income are seaside holiday makers, who would cease to flock to the island as soon as the beach is washed off by the seas. The islanders have long given up fishing and piloting and concentrated on the easier work of boating seaside visitors to the beach and housing them on its shores.

A memorial stone for the late Ambassador Von Maltzan has recently been erected on the island as a sign of honor to the deceased diplomat who regularly spent his vacation on its shores. Fear that Heligoland would be made a naval base again is said to be one of the main reasons for Heligoland's rejection of the Prussian offer. During the war the island had to be evacuated and the Heligolanders were housed and fed by the government on the mainland. When they returned to the island in 1918 they found their houses neglected or half wrecked.

Dislike Prussia
The islanders have been at loggerheads with the Prussian government ever since the Hohenzollern dynasty was overthrown. Under the Kaiser the island was exempted from taxation and drew respectable revenues from customs. Under the republic these privileges were abolished and the Heligolanders even went as far as raising protest with the British government and the League of Nations. England, which owned the island

before it was exchanged for the island of Sansibar in 1890, turned a cold shoulder to the protest, and the league likewise declined to listen to the complaints.

NEWS IN BRIEF

Chicago—Neither said a word, yet their language was terrible. It wound up with gunfire. At a hospital, he who got shot wrote this: "I am Robert Rosenberg, first cook at the Chicago Christian Industrial league. I am deaf and dumb. The second cook, James Wood, is deaf and dumb. We called each other names in the sign language, and I got shot."

Canton — Clever, these Chinese. Wong Mou-Jen, coolie, established a special delivery letter service, between Canton and Samsui, 31 miles away and earned three gold dollars a day, about five times as much as he could otherwise. Then the government sent him to the rock pile for interfering with monopoly.

Athens, O.—Non-union operators in the Hocking Valley coal fields today reported that their mines were employing 2,018 men. The announcement said that 24 mines are in operation. The total pay roll is \$200,000 a month, the operators said.

KIDNAPED BOY AIDS POLICEMEN

Officials Expect to Round
Up Whole Gang
In Case

Chicago, Sept. 21.—Acting on the demand of Judge Frank Comerford that the secret mafia organization responsible for the kidnapping of 10-year-old Billy Ranieri be crushed, police and forces of the state's attorney's office are today scouring Chicago's "Little Italy" in an effort to unearth extortion terrorists who have thrown thousands of Chicago parents into panic.

Slowly but surely the gigantic dragnet of the law is ensnaring in its tentacular meshes the abettors of the Ranieri kidnapers. Witnesses

after witness was brought today to the criminal courts building, where assistant state's attorneys, Samuel Hoffman and Charles Mueller penetrated little by little the stoic silence of the bandits.

Police made another dash into a west Chicago suburb, expecting to locate the farm house where Billy Ranieri was held for the 13 days of his captivity while his abductors negotiated with his frenzied father for \$60,000 ransom.

By arresting the farmer and his wife who kept the boy for the kidnapers, authorities hope to secure evidence that would convict every member of the band of extortionists.

Pettiti, who has been kept in jail by Criminal Judge Comerford, the boy partially identified it as the man who grabbed him the day he was kidnaped by two men in a large automobile while on his way home from school.

Homeworth, Sept. 21. — Funeral services for Capt. Paul Heacock, former Homeworth resident, son of Mr. and Mrs. Ernest Heacock, were held Thursday in New York city, according to word received here to-

day. Burial was in Woodlawn cemetery, New York.

Heacock was killed when the engine of his 45-foot cabin cruiser exploded last week. His body was recovered near Asbury Park, N. J., last Saturday, a report received at Homeworth states.

Sympathy is like blond hair; a lot of it isn't the real thing.

BOMBS SHATTER CHICAGO AREA

No Lives Lost, But Damage to Property Is Heavy

Chicago, Sept. 21.—Bombs exploded in the Chicago area today, shattering windows for a distance of several blocks. A black powder bomb, said to be a "beer bomb," exploded in a neighborhood of Chicago, wrecking a beer parlor. The explosion was reported to be a popular party of Joe Salts, a Chicago "beer baron" and his running mate. Although two families occupied the upper floors of the building, no one was hurt, the entire roof of the building was almost demolished by the explosion. Damage was estimated at \$2,500. Police investigating the explosion say that the bombing was probably perpetrated by rival beer interests.

LEETONIA

Rev. C. L. Cope, pastor of the Methodist church is attending conference in Lorain this week. James Degnan left this week for Pittsburgh, where he will register as a student at Pitt university. Merle Greenamyer who had spent

the last two weeks here at the home of his mother, Mrs. Mary Greenamyer, returned to his home in Philadelphia. Mrs. Henry Oehrie was a Youngstown visitor on Tuesday. Fred Metz of Youngstown, was a Leetonia visitor on Wednesday.

START CHECK ON MISSING BOOZE IN DENVER, COLO.

Denver, Sept. 21.—Because the mysterious disappearance of confiscated liquor from government vaults causes scandal, John C. Vivian is determined that nothing of the sort will happen during his term of office as local prohibition enforcement officer. Vivian has put into practice a

system of checking up on liquor that begins to operate at the time of the raid or confiscation. Every officer is required to fill out blanks telling exactly how much of the alcoholic drink is taken. Most of this liquor is destroyed soon after confiscation, but that which is retained for evidence in court is labelled and sealed with wax. It is kept in a vault, the combination to which is known only to Vivian and his secretaries. Never less than two persons are allowed to enter the vault. Usually three or four persons enter together. A complete set of books is kept

by the department. Great care is taken to record the identification of witnesses at the time certain quantities of liquor are destroyed. As soon as an accused violator either is convicted or pleads guilty, all "evidence" being kept in connection with the case is destroyed. Never, in the history of the department, have the books failed to "balance," Vivian claims.

PUBLIC SALE OF LIVE STOCK

I WILL SELL AT PUBLIC AUCTION TUESDAY, OCT. 9th, commencing at 10:30 A. M. at my home three miles south of Hammondsville, Jefferson County, Ohio, on the Steubenville-East Liverpool Inter-County Highway, 50 head of tuberculin-tested cattle, consisting of Five Registered Holstein Cows, fresh and close springers; 15 Registered Jerseys, 6 fresh cows, 5 heifers, two and three years old, one registered; two year Guernsey bull; one six-month-old bull calf; one four-month-old bull calf, two registered Jersey Cows, fresh; 7 high grade Guernseys, five fresh and two springers; 7 good grade cows, all fresh. 250 good breeding ewes, two, three and four years old, all fine wool. 1,200,000 UNION MEN IN ENGLAND TO AMALGAMATE

English Trade Council Says Many Workers Unions Will Unite

London, Sept. 21.—One of the greatest trade union amalgamations in history, involving 1,200,000 men, is foreshadowed in the annual report of the general council of the English Trade Union congress.

The new union is proposed by the Transport Worker's union on lines which would embrace all transport and the majority of so called "general" workers in the country.

Powerful Groups
The proposal involves six large and already powerful unions, not all of whom favor amalgamation at present, but inter-union conferences are to be arranged by the congress general council so that amalgamation plans may be fully discussed and negotiations promoted.

In the main, the object of the proposal is to secure a big concentration of trade union finances. The union suggested would be divided into groups, each group relying on

the power of the centralized funds, but dealing with its own problems as far as it could with success.

This "group theory" of trade union amalgamation is being widely discussed in labor circles. Many leaders are proposing it as the way out of the present chaos and rivalry which exists in the English trade union movement, a legacy of the notorious general strike of May, 1926.

Favor Amalgamation

Of the six unions involved in the proposal, four are in favor of amalgamation, the two not in favor being the Locomotive Men's association and the Railroad Clerks' association. These two unions have a membership of 65,000 and 50,000 respectively, and wield some influence in trade union affairs, their leaders being particularly active in the inner councils of the T. U. C.

DAMASCUS

Miss Mabel Walker left Thursday evening for Ithaca, N. Y., where she will take a dietetics course at Cornell university.

Mr. and Mrs. Hurley Burkenheimer of Coshocton, visited their parents, Rev. and Mrs. Ehrhart, Westville rd. recently.

V. M. Chambers left Thursday evening for Carmel, Ind., where he will attend the funeral Friday, of his brother-in-law, Orley Smith, who was killed in an automobile ac-

cident. Mrs. Smith was formerly Lena Cleaver of Damascus.

Mr. and Mrs. Roscoe Strain and family of Westville rd. moved to Sebring.

Mr. and Mrs. Coral Baker of Cleveland, were recent visitors of Mr. and Mrs. S. C. Miller.

Mr. and Mrs. Fred M. Walker and family have returned to Jacksonville, Fla., after spending a month visiting their parents, Mr. and Mrs. E. E. Walker.

The Sunday school class of the M. E. church taught by Mrs. Edna Delzell gave a handkerchief shower for Miss Mabel Walker, at the home of Miss Gladys Grise, Wednesday evening. Games and a social time were enjoyed and lunch served.

Mrs. L. G. Spencer and daughter Vera, visited friends at Beechwood Wednesday evening.

The Magazine club will meet with Mrs. J. G. Gilbert, Wednesday, Sept. 26, instead of with Mrs. H. W. Spear as formerly announced.

Persons who want anything know that The News is the West Medium in this vicinity. So read it.

AL CAPONE IS BULLET VICTIM

Accidentally Shoots Self After Golf Game With "Boy Mayor"

Chicago, Sept. 21.—"Scarface" Al Capone, Chicago's one time most spectacular gang chieftain and "bosco" nabob is today in a hospital in Hammond, Ind., with bullet wounds in his right and left legs and in the groin.

Capone, who during the heyday of his power in gangdom successfully dodged the bullets of his enemies, shot himself accidentally after he and Johnny Patten, "boy mayor of Burnham" had "finished a game of golf on the Burnham links."

According to current reports, Capone and Patten were getting into an automobile when the gang leader's pistol was discharged. A bullet blew through the fleshy part of

his right leg. Narrowly missing the abdomen and then embedded itself in his left leg.

Patten rushed his wounded friend to the hospital where physicians said Capone's condition was not serious.

Marines Who Died At Belleau Wood Unaccounted For

Belleau, Sept. 21.—Thirty-six United States marines who fought in the battle of Belleau Wood remain missing and unaccounted for.

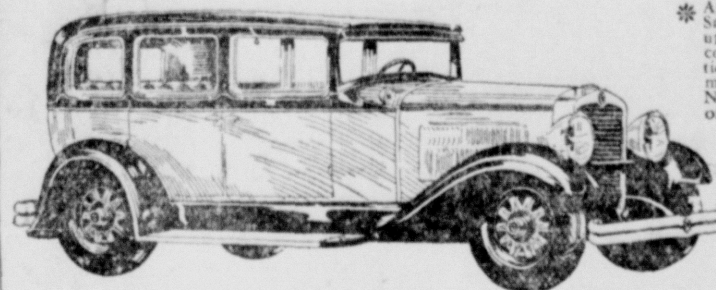

Fourteen were found by caretakers of the cemetery in an intensive search through the thickets. One skeleton was found a few feet off the path leading to the flagpole where it had remained unnoticed for ten years.

The remains of the fourteen were buried in a plot reserved for un-

identified heroes. Renewed efforts are being made to locate the last of the Belleau marines.

Princeton, N. J.—In his 97th year James L. Briner smokes strong cigars and enjoys his cup of coffee. He was formerly mayor of this college town.

THE WORLD HAS A NEW AND FINER MOTOR CAR

* Art Goebel won the Dole Race from San Francisco to Hawaii, then he hung up a new record for a coast to coast continuous flight, with a twin ignition, high compression, valve-in-head motor. And then he bought a new Nash "400," to get the same kind of performance from his motor car.

Special Six "400" Sedan
\$1345 f. o. b. factory
fully equipped

It was a Twin-Ignition Motor that carried Lindbergh over the Atlantic, Goebel * over the Pacific, Byrd over the Pole!

In history-making flights Lindbergh, Byrd, Goebel* and a host of others have established dramatically and conclusively the superiority and reliability of twin ignition, high compression, valve-in-head motor performance.

And all three principles are combined in the great new Nash Twin Ignition Motor which powers every Nash "400" Special and Advanced Six model.

The Nash Twin Ignition Motor, with two ignition coils instead of one, two

spark plugs (airplane type) to each cylinder instead of one, 360 sparks a second instead of 180, at top speed, burns the highly compressed gases more thoroughly and economically.

The result is more power from less gasoline, and ordinary gasoline at that. No special, high priced fuels are required for the Twin Ignition Motor.

Once you drive the great new Nash "400," you are certain never to be contented with the performance of older types of motors.

NASH "400"

Leads the World in Motor Car Value

LINDY VISITOR IN CLEVELAND

Guest of Man Who Furnished Pajamas, and Bed

Cleveland, Sept. 21. — Myron T. Herrick, U. S. ambassador to France has a week-end guest at his country estate in Pepper Pike village today.

The guest, who landed unannounced in a silver Ryan monoplane at the airport here yesterday, is Col. Charles A. Lindbergh.

Ambassador Herrick, who is past 70, and the famous colonel, who is 27, have met before. In May, 1927, they met at Paris when the young flyer had just completed the first non-stop trans-Atlantic flight. The ambassador furnished the flyer a bed in the embassy and a suit of pajamas at that time.

Last summer the colonel visited Ambassador Herrick while the latter was in a hospital here recovering from an operation. Invited to visit the Herricks again, while the ambassador is on his vacation here, the colonel flew through the rain and mist yesterday and was met at the airport by Herrick and his son, Fairly.

At night the two made their first flight together in Lindbergh's plane. Only a small crowd was at the airport when the colonel arrived yesterday afternoon and it was about five minutes before anyone recognized him. He tried, as usual, to dodge reporters and photographers, but consented to pose for several pictures with Ambassador Herrick. He is expected to remain through Saturday and possibly Sunday.

COLUMBIANA

The Daughters of the King class of the Lutheran Sunday school will hold their annual "birthday party" Friday evening in the church social rooms. The response to the roll call will be birthday verses. A photograph gallery will be a special feature of the program.

Dr. Ralph Brungard of Sharon will shortly open a dental office in the Fitzpatrick block and will move his family here, having rented the Allen Heston property on Woodland ave. Dr. Brungard is a graduate of the University of Pittsburgh and has been practicing in Sharon. Columbiana people will welcome their former citizens back again.

Mr. and Mrs. Otis Bowles and daughter, Reida of Michigan, and W. S. Bowles of Middlefield were recent guests of Mr. and Mrs. Earl A. Bowles and family, Spruce st.

R. I. Kling, Pittsburgh, C. J. Swepe, Warren, and Ray Hum, Youngstown were Columbiana business callers the first of the week.

Mr. and Mrs. Clarence Shontz and daughter, Anna Mary, have returned from West Salem, where they visited with Mr. and Mrs. L. Keen.

T. A. Renkenberger is spending several days in Zanesville in the interest of the U. S. Standard Mfg. company.

Mr. and Mrs. R. J. Esterly and daughter, Ellen were Wednesday evening dinner guests of Mr. and Mrs. C. L. Esterly and family, Leetonia.

INTERNATIONAL FORGER GANG IS FINALLY TAKEN

Berlin, Sept. 21.—An international gang of forgers, which had baffled the police of Great Britain and the continent for many years, has at last been run to earth.

Banks throughout Europe have been defrauded of hundreds of thousands of pounds by this gang, whose operations have been conducted by means of forged letters of credit.

The artistic talent of an Italian restaurant keeper in Berlin is responsible for the capture. He made a pen sketch of a suspected man, the ex-court jeweler to the Italian royal family, Ugo Marchesini, and the police, with this clue, arrested him.

Robber Many Banks
After capturing Marchesini, who was the leader of the gang, a man named Palmeiri was arrested at Marseilles on the instructions of the German police.

The gang, the members of which are of Italian birth, have robbed banks in years by means of forged letters of credit.

The story of their capture, which sent a thrill through the financial world on the continent, reads like a thrilling piece of detective fiction.

On July 26 one of the gang, Alessi, presented a forged letter of credit to the Yokohama Specie Bank to the value of \$29,000 at the Munich branch of the Deutsche Bank. He required \$5,000 of this sum, received it, and presented the letter again for a further \$5,000 three weeks later at another branch of the Deutsche Bank at Nuremberg.

In order not to rouse suspicion by requiring such a large sum again, he altered the date of the first payment to July 6.

Handsome and Well-Groomed
The bank manager at Nuremberg realized that no traveler could reach Germany from Japan between the date in June on which the letter of credit was made out and July 6. He therefore kept the letter and the man's passport and asked Alessi to return an hour later.

But Alessi never came back. A detective was awaiting him. Recently the manager of the Deutsche Bank in Berlin was dining at the Italian restaurant "Sorrento" in the Wilhelmstrasse, Berlin, when he believed he recognized Alessi from the passport photographs which had been circulated among all German banks.

The suspected man was dining with an extremely handsome and well-groomed elderly man. The two left the place together.

After that the bank manager took his meals at the restaurant with a detective.

Alessi, who finally returned alone was arrested, but refused information as to his accomplices.

Youngstown Man Claims He Is "World's Championship Lover"

Youngstown, Sept. 21.—"Wanted—A widow, wealth, beauty or home experience not necessary. Apply World's Champion Lover."

Extraordinary? "No, indeed," quoth Charles Ritch Johnson, 67-year-old (or young) Lothario, of irresistible appeal and love voyageur de luxe, who thoughtfully penned that appeal of his lonely heart.

For Johnson, with a long record of amorous affairs behind him and goodness knows how many the future holds, wants to marry and settle down in this city. He also contemplates hopefully the prospect of opening a matrimonial bureau here to marry off Youngstown's many lonely bachelors and bachelor maids.

In fact, right now he is busily engaged in finding mates for a pair of Youngstowners and is expertly trying to solve the problems of the heart for a few other lonely people here.

Is he the world's champion lover, as claimed? He not only admits it—he boasts of it and lists a number of places where he timidly—"well not so timidly"—popped the question. Among them were a graveyard, morgue, hog pen, brewery, haunted house and many others.

He has proposed to no less than 16 girls and women so far and bids fair to continue ad infinitum. He has an irresistible appeal and has kissed them all. They were "crazy over him." He says so himself.

As befits a love scientist, Johnson has been keeping vital statistics on his loving journey through life. Of the 16 proposed to, only two turned him down, he says. The other 14 were willing and, in turn, he married three of them.

He passes lightly over his repulses. They came early in life, before he was a seasoned campaigner in the art of love, and, any-

way they were "too giddy." Doubtless one of the two was "giddy" in the literal sense of the word—for she and Johnson were sitting on the balcony edge of the Washington Monument, feet dangling ecstatically over 500 feet of space when he proposed.

The Love Champion's weakness is widows. During his many amorous years he married "three real pretty maidens"—all left him. He dismissed them airily as "fickle." The last one divorced him because he used up their savings in buying

meat for his two dogs, he explained. Undismayed by the divorce, he faces the future with a light heart. In fact, only a month after the divorce he joined seven matrimonial clubs in hopes of finding a rich widow. He's still looking.

Five hundred widows in the United States and Canada have been recipients of his amorous missives, he disclosed, and he finds they are

all "Jonesome"—therefore, he thinks and says, his municipal matrimonial bureau ought to go over big.

Palestine Taboos Begging Practice

Jerusalem, Sept. 21.—Consternation has been caused among the traditional mendicants of the Holy City

by a rumor that the Palestine government intends to issue an order prohibiting begging.

Such a decree would prohibit or three thousand vagrants of the customary means of livelihood of the communal councils are coming the distress which the enforcement of the proposed order would undoubtedly cause.
